Trust of over Ten Million Readers since 1982

Led by the visionary Mahabir Singh - educationist, teacher and thought leader, it has been more than four decades, MTG Learning Media is still the pioneer of educational books and magazines. The focus is on higher order learning skills among school students. With path-breaking titles of books and periodicals over the past forty three years, MTG has touched lives of millions of students spread across the globe.

The objective is to give the students a smarter alternative to the conventional study methods. Instead of rote learning, children need to be encouraged to enjoy studying whether in school or at home. Thus, systematic endeavours were made to make school books simpler, efficient and interactive for students in lower classes so that the most important concepts were clear to them from an early age.

MTG has been serving schools since 1982. MTG Workbooks, a bestselling series in India, is the result of a considerable study of teaching techniques used in schools. The books in the series aim at providing deep rooted understanding of concepts with the help of fun activities and exercises and connect the classroom learning with the real world.

New
Launch

My Kindergarten Jump-Start

'The Kindergarten Jump-Start' is a complete pre-school set of nine books that covers prescribed Learning Objectives and more for the age groups 3+, 4+, and 5+ years.

These books provide an innovative introduction to pre-reading & pre-writing skills, language development, pre-number skills and pre-number concepts through simple hands on activities. It focuses on cognitive awareness for each level, introducing basic concepts and then taking kids forward through an interesting graded approach.

ENGLISH

- Activity and worksheet oriented
- Vocabulary and Language development
- Development of Observation Skills
- Plenty of auditory and visual associations
- Integration with Maths, Environmental Science and Social Studies
- Introduction of small reading patterns for pre-reading readiness
- Helping kids with learning handwriting through patterns
- Introduction of Grammar through activities

HINDI

- Activity and worksheet oriented
- Vocabulary and Language development
- Development of observation skills
- Plenty of auditory and visual associations
- Integration with Maths, Environmental Science and Social Studies
- Introduction of small reading patterns for pre-reading readiness
- Helping kids with learning handwriting through patterns
- Introduction of Grammar through activities

BOOK OF NUMBERS

- An innovative number book, classroom - tested and standardised for the children.
- Introduction of numbers through counting, tracing, stories, writing and matching exercises.
- Activity and worksheet oriented
- Interesting, clear and lively illustrations to encourage observation, thinking and visual discrimination.
- Introduction of pre-number concepts through varied activities.
- Simple and organised content makes the book attractive and lively for beginners.
- Integration with Environmental Science, Language and Social Studies.

LEARNING COMPUTERS FOR SMARTER LIFE

The series comprises 8 levels of the most updated and comprehensive textbooks. It is aligned with the vision of National Education Policy (NEP), 2020 and National Curriculum Framework (NCF), 2023. It is precisely based on Windows 10 and MS-Office 2013. It eliminates cramming and familiarises learners with practical applications and versatility of the computer. It is a perfect blend of technology and education. All the concepts in the book are explained with the help of step-by-step innovative activities. The series aims at learners having adequate exposure of various applications and be able to use computers smartly.

Smart Features

- Each chapter comprises appropriate theory, supported with practical applications.
- Concepts are made crystal clear with different activities, along with plenty of Screenshots, Extra Info, Notes, Tips, etc.
- Keyboard shortcuts of commands, an exclusive feature, helps learners to save time while performing routine operations on the computer.
- Group activities, within each chapter, promote the situation-based learning.
- Based on latest version of softwares, such as Windows 10, Office 2013, Visual Basic 6.0, Adobe Flash Professional CS 6 and Movie Maker 12.
- SOF ICSO solved paper included to give learners an extra edge.

Fun way of EXPLORING COMPUTERS

Fun way of Exploring Computers is a series of 8 books for classes 1 to 8. The prime motto of creating this series is not only build students' foundational knowledge of Computers Science concepts, but also to nurture curiosity and interest in the subject from a very young age.

The series is in alignment with the NEP 2020 and NCF 2023 guidelines which recommend reduced curriculum content to enhance essential learning, critical thinking, experiential learning, curricular integration of essential subjects, skills and capacities, etc. Incorporation of 21st Century Skills makes this series helpful in the process of making learning Computer Science more holistic for the students.

Smart Features

Learning Objectives – Helps to assess the learning outcomes of the chapter.

Fascinating Facts – Consists of interesting information about the topic learnt.

Extra Info – Contains supplement topics for add-on knowledge.

Activity Time – Develops students' skills of observation, concentration, teamwork, analysing and fine motor skills, etc.

Points to Remember – Recapitulates the entire chapter to enhance learning.

Practice Corner – Provides plenty of scope to brush-up the application skills.

Teacher's Note – Contains helpful tips and suggestions for teachers.

Acronym – List of short words or letters made from the first letters of a group of words.

Project – Hands-on project ideas to enhance learning beyond the classroom.

SOF ICSO Questions – Includes the actual questions from the SOF International Computer Science Olympiad.

Worksheets – Tests the overall learning outcomes.

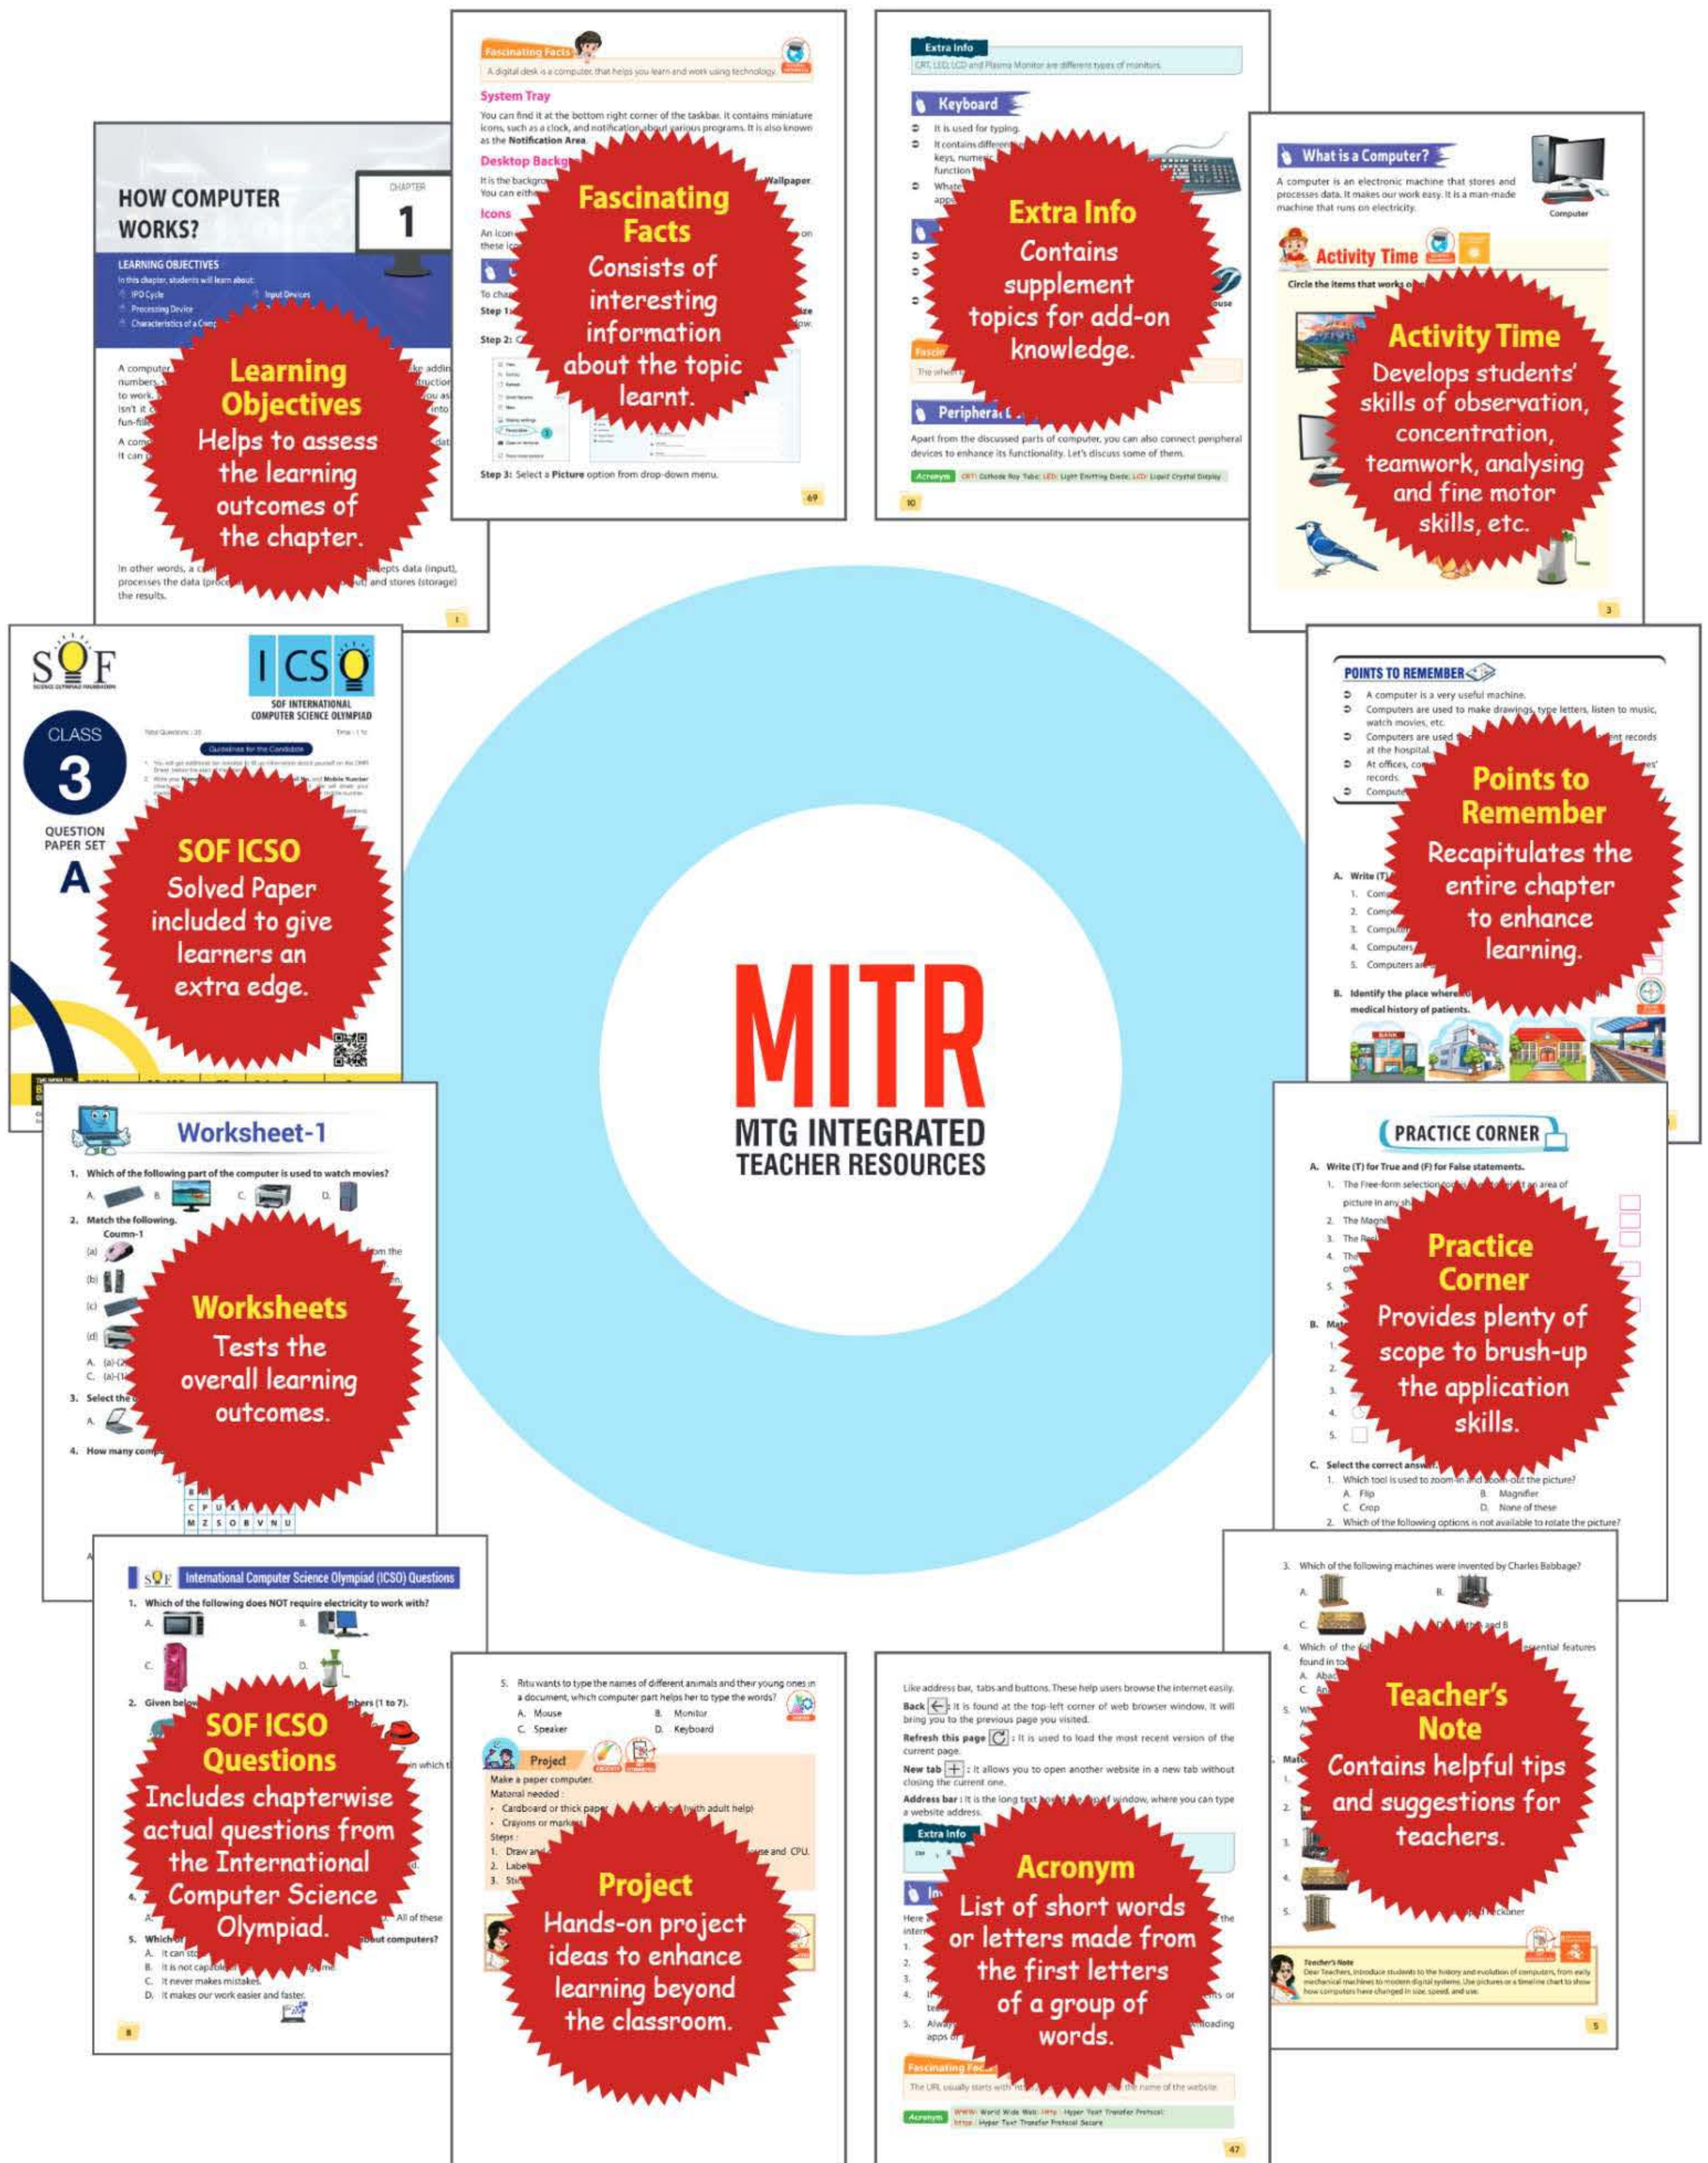

Subject Integration – Connects computers with different subjects.

Sustainable Development Goals (SDGs) – Provides holistic understanding of global issues.

360-Degree Holistic Progress Card – Evaluates various aspects of student's development and learning experience.

Integrated Learning English

with NEP GUIDELINES

Integrated Learning English Series is a series of English textbooks for **classes 1 to 5**. It is a complete package with inclusion of grammar, phonetics and all other important

aspects of language learning. It is mapped on the **guidelines of NEP, 2020 and NCF, 2023**. It provides a comprehensive, fun-filled, child-oriented study material with appealing graphical aids to enhance learning and create interest among learners. This series has specifically focused on the four targeted areas of language learning: **Listening-Speaking-Reading-Writing (LSRW)**. The key feature of the series includes age-appropriate study material aligned with proper gradation. It adopts a comprehensive as well as exhaustive approach for learners as well as teachers for effective teaching-learning process. The series provides well integrated exercises, tasks and activities that are self-explanatory and learner friendly.

Smart Features

- Renders a rich reading experience of :
 - Stories • Fables • Folktales • Poems • Plays
- **'Phonic Scope'** inculcates the correct understanding of listening and speaking skills and helps in holistic language learning.
- All four aspects of language learning 'Listening-Speaking-Reading-Writing' covered in practical and application based format.
- **'Life Skills'** empowers learners with values and responsibilities that can be related to real life situations.
- The series also focusses on vocabulary enrichment.
- Attractive illustrations emphasise the story and also keep the learner engaged.
- The learner gets plenty of exercises to assess as well as explore his/her level of learning.

ABOUT THE AUTHORS

DEBJANI CHATTERJEE has a valuable experience of 35+ years in teaching English and extensive knowledge of the subject as well as art of storytelling. She holds a Master's degree in English and a P.G. Diploma in Journalism.

VANI KHANNA has double Master's degree in English and Psychology and a P.G. Diploma in Journalism. She has 10+ years of teaching experience in school and engineering college.

INTEGRATED LEARNING GRAMMAR AND COMPOSITION

with NEP GUIDELINES

Grammar is an integral part of learning English. Grammar skills are useful in every aspect of life, from education to leadership and social life to employment opportunities. Integrated Learning Grammar & Composition Series is a series of grammar books for classes 1 to 8. It provides detailed explanation of concepts with applications to real-life situations along with providing the exceptions to the rules of grammar. It aims to build and strengthen the concepts of grammar which is essential for understanding English as a second language. In this series all the four major aspects of grammar along with vocabulary enrichment and comprehension practice have been covered. This series offers varied learning activities and exercises to help the learners to hone their skills and learn and remember the concepts with a practical approach.

Smart Features

- Content based on guidelines of NEP, 2020 and NCF, 2023
- Well-explained grammar concepts
- Everyday examples
- Attractive illustrations
- Vocabulary enrichment
- Topic based interactive exercises
- Simple and interesting text
- Age-appropriate exercises
- Interesting applications
- Learner-friendly
- Expressive comprehensions
- Worksheets and tests for quick revision
- SOF IEO solved paper included to give learners an extra edge

4 Kinds of Adjectives

Let's Observe
Observe the bold words in the following sentences.
Garcia is wearing a **yellow** dress. (colour)
She has a **beautiful** house. (quality)
Her house has **two** floors. (quantity)
She is an **American** citizen. (nationality)

Let's Revise
The words that describe nouns and pronouns, or give more information about nouns and pronouns are called **adjectives**.
Adjectives can be positioned at mainly four different places.
Before a noun.
Example: It is an **intelligent** animal.
After the various forms of 'to be' (am, are, was, were, been and being).
Example: The **flowers** are beautiful.
After some.
Example: I have **two** brothers.
After an.
Example: He is **a** very **clever** boy.

Let's Revise
to recall the previously gained knowledge of the topic

CLASS 2
QUESTION PAPER SET A

IEO
SOF INTERNATIONAL ENGLISH OLYMPIAD

Total Questions : 30 Time : 1 hr.

Guidelines for the Candidate
1. You will get additional ten minutes to fill up information about yourself on the OMR sheet, before the start of the exam.
2. Write your Name, School Code, Class, Section, Roll No. and Mobile Number clearly on the OMR Sheet and do not forget to sign it. Do not share your marks / report and other information related to SOF exams on your mobile number.
3. The Question Paper comprises four sections:
Word and Structure Knowledge (10 Questions), Reading (10 Questions), Grammar and Written Expression (5 Questions) and Achievers Section (5 Questions).
Each question in Achievers Section carries 8 marks, whereas all other questions carry one mark each.
4. All questions are compulsory. There is no negative marking.
5. There is only ONE correct answer. Choose only ONE option for an answer.
6. To mark your choice of answers by marking the circle on the OMR Sheet, use HB Pencil or Blue / Black ball point pen only. E.g. Q. 1. The correct answer is (a). Mark (a) on the OMR Sheet.

ABOUT THE AUTHOR

ANJU CHOUDHARY, is a competent and successful professional with 25+ years of qualitative and dedicated service in teaching English. She is an effective communicator with excellent management skills and has an extensive knowledge of the subject.

Let's Link

Now look at some more prepositions and their usage.

prepositions	use	examples
across	opposite ends	across the river, across the street, come across a situation
against	in opposition to in contact with	against the law against the wall
around	in a circle, near, approximately	around the table, around 5pm, around 30 students
below	lower than something/ someone in position, degree	below the knee, below freezing point
between	the time period/position from one to another	between 2000 and 2017, between Saturday and Monday
by	at the least	by Tuesday, by next month, by tomorrow
by	near/nest to/beside	stand by me, by the lake
during	while in	during the show, during the day, during my stay
for	what time	from 6 to 9, for a day
from / to	when	from Monday to Friday, from 6 to 9
into	direction	into the car
through	direction	through the window
to	direction	to the station
until / till	time	until 5 o'clock
with	direction	with the teacher

Let's Link
to provide an extension of the topic

Let's Apply

A. Fill in the blanks with appropriate verbs from the brackets.

- Salim and Shaan _____ (belong, belongs) to a royal family.
- My mother or my maid _____ (cook, cooks) food.
- Congratulations! Everyone in the class _____ (thrive, thrives) excellent marks.
- There _____ (is, are) eleven players in a football team.
- Rice and rajma _____ (is, are) my favourite dish.
- Grandmother with her grandchildren _____ (was, were) watching a movie on the television.
- The scissors _____ (cut, cuts) well.
- My brother or I _____ (have, have) to clean the room.
- One of my uncles _____ (is, are) a surgeon.
- The army _____ (protect, protects) a country.

B. Complete the following sentences with the correct form of verbs given in the brackets.

- The computer _____ (be) an important discovery.
- Sacchida and I _____ (be) good friends.
- Everyone _____ (know) him.
- Maya _____ (be) present at the show.
- The songs of the movie _____ (be) very popular.
- Rachita _____ (be) a party.
- There _____ (be) articles.
- The teacher _____ (be) watching.
- The musician _____ (be) honoured.
- A fleet of ships _____ (be) in the sea.

C. Read and answer the questions.

- My feet ache.
- The teacher _____ (be) very strict.

Let's Apply
includes the practice questions

7 Describing Words

Let's Observe
Read the poem carefully.
*I have red roses, I have yellow roses.
Some are big roses, some are small roses.
These are beautiful roses!*

Notice the words red, yellow, big, small, and beautiful. These words tell us more about the roses.

Let's Learn
Words that tell more about a person or things are called **describing words**.
Examples:
He is a **happy** boy.
describing word noun

Let's Learn
to introduce new aspects of the topic with the help of examples

01 Worksheet

A. Encircle the **common nouns** in the following sentences.

- Most kids love chocolates.
- The girl went to the zoo with her father.
- The white tiger was in a cage.
- A bee lives in a beehive.
- The bus stopped suddenly.
- My friend opened the bottle.
- The dog is chewing a bone.
- There were no pencils in the box.

B. Encircle the **proper nouns** in the following sentences.

- Meera went to Connaught Place for shopping.
- Rachne and Sapna are twin sisters.
- 26th January is a holiday.
- We enjoyed the trip.
- Arnav is a student of Class 2.
- We saw a lion in the zoo.
- The teacher was very strict.
- Mihir is a very good student.

Worksheets
have been included for extra practice

Let's Have Fun

Your teacher will form four groups of your class. She will call students from group 1 and give flash cards with the words, full stop and question mark in a jumbled way. The students of the group have to arrange themselves to show the correct formation of that sentence to the class. Similarly, your teacher will give jumbled words, full stop and question mark to other three groups. The group which will form more number of correct sentences, will win.

I love mangoes.

Let's Have Fun
to include fun aspect to the topic

Let's Remember

Most prepositions are also adverbs. To differentiate a preposition from an adverb, we need to remember that a preposition is followed by a noun or pronoun, making the noun or pronoun the object of the preposition. An adverb does not take an object.

The words in the following table are used as prepositions and adverbs.

Words that are either prepositions or adverbs

aboard	below	to	across	hence	under	along	between
underneath	alongside	beyond	within	away	up	down	opposite
out	behind	throughout					

Now look at the difference between them through examples:
The school is across the road. (Preposition)
She can easily swim across. (Adverb)
In the first sentence above, the noun 'road' is the object of the preposition 'across'. In the second sentence, the word 'across' is used as an adverb as it doesn't take an object. It also modifies the verb 'swim'.

Let's Remember
to highlight the uses of rules

GK LEARNING & KNOWING

WITH LATEST UPDATES

GK Learning & Knowing is an inimitable series for **classes 1 to 8**. It explores the recommendations of National Education Policy (NEP), 2020 and National Curriculum Framework (NCF), 2023. It promotes life skills, cultural values, self-awareness, scientific aptitude, reasoning, calculations and mental ability that help to create extraordinary individuals.

Smart Features

The series is well-equipped with NEP - icons tagging to develop different 21st century skills among learners.

It is a healthy combination of age-appropriate and contemporary content.

Topics are interestingly covered with engaging features, such as –

- Games • Quizzes • Facts • Brain Teasers • Crosswords
- Word search • Life skills

Topics are defined and explained precisely for easy learning and recalling.

Hint Box gives the push needed to hone one's problem-solving skills.

Find Out encourages learners to think and explore their surroundings.

Did You Know? tells about some interesting and amazing facts.

Latest Updates makes learners aware of the important events occurring in the world.

Do You Know? covers current affairs of the world.

SOF IGKO Solved Question Paper included to give learners an extra edge.

Why this Series is SMARTER than the best?

Maths Fun

Read the Time

Look at the given pictures of different activities during different times of the day. Fill in the boxes taking help of the "Hint Box" and the clocks in each picture. The first one has been done for you.

Early Morning

Language and Literature

Word Game

Complete this crossword puzzle of literary terms using the clues given below. Choose the correct answer to the word game.

Across

- A poem or speech, usually at the beginning of a play, which introduces the contents.
- An adjective or phrase that is used either to describe a character, to praise or criticise it.
- The rules of grammar that describe the way words and phrases are put together to form sentences in a language.
- Use of language that creates pictures in the minds of people reading or listening.
- Use of the same sound or letter at the beginning of words that are close together in a phrase or sentence.
- Use of exaggerated language to stress upon the importance of something.

Down

- A short text of honour on a gravestone.
- A story, poem or picture that can be interpreted to reveal a hidden meaning.

ASPIRATIONAL LIFE SKILLS

Life Skills

Emotional Intelligence

1. How do you look while eating when you do the following? (You could first look at yourself in the mirror, and then answer or even ask your parents.)

Activity	Look good	Look bad
a. Take a large bite.		
b. Laugh with a mouthful of food.		
c. Chew with mouth closed.		
d. Have a heap of food on your plate.		
e. Have a small quantity of food on your plate.		
f. Eat with dirty hands.		

Answer the questions that follow the situation

Description: Rohit and his nine friends went to a park that was 5 meters by 30 meters. They had a day-long party of fun. Before leaving, they decided to clean the park of all the litters they had thrown.

Was it right for them to clean the park?

Usually takes one minute for one person to clean 10 sq. m area. In what time will the park become clean if the work is shared?

Whenever you go to a park, do you clean your litter?

Integrated अनुभूति

with NEP GUIDELINES

अनुभूति हिंदी पुस्तक शृंखला कक्षा 1 से 8 तक की रचना वैधानिक पद्धति से राष्ट्रीय शिक्षा नीति (NEP), 2020 तथा राष्ट्रीय पाठ्यचर्या रूपरेखा (NCF), 2023 के अनुरूप की गई है, जिससे विद्यार्थी हिंदी भाषा को व्यवस्थित ढंग से सीख सकें एवं उनकी कुशलता का विकास हो। यह पुस्तकमाला हमारी सांस्कृतिक धरोहर एवं आधुनिकीकरण का मिश्रण है। पाठ में साहित्य की विभिन्न विधाओं जैसे- कहानी, कविता, लेख, पत्र, प्रेरक-प्रसंग, रेखाचित्र, एकांकी, जीवन-परिचय, ऐतिहासिक रचनाओं आदि को सम्मिलित किया गया है।

मुख्य विशेषताएँ

- NEP, 2020 तथा NCF, 2023 के उद्देश्यों को ध्यान में रखकर पुस्तक शृंखला का निर्माण किया गया है।
- UN द्वारा वर्ष 2030 के लिए निर्धारित सत्रह सतत विकास केलक्ष्यों के आधार पर पाठों का चयन किया गया है।
- 21वीं सदी के कौशलों द्वारा विद्यार्थियों को चुनौतियों का सामना करने में सक्षम बनाने हेतु 4 C's, IMT और FLIPS पर आधारित अभ्यासों का समावेश किया गया है।
- चित्रों के आधार पर विषय वस्तु की समझ बढ़ाने हेतु 'Picture Based Activities' का यथासंभव समावेश किया गया है।
- प्रायोगिक ज्ञान पर आधारित क्रियाकलापों का समावेश किया गया है।
- इस पुस्तकमाला में पाठ्य-सामग्री पढ़कर उसे समझने व प्रश्नों के उत्तर देने में विद्यार्थियों को कुशल बनाने हेतु 'Bloom's Taxonomy' की छह श्रेणियों- ज्ञान, समझ, अनुप्रयोग, विश्लेषण, संश्लेषण और मूल्यांकन पर आधारित प्रश्नों का समावेश किया गया है।
- अध्ययन से नीरसता हटाने हेतु 'आनंद का समय' एवं 'आराम का समय' नामक लेख सम्मिलित किए गए हैं।
- त्रिस्तरीय मूल्यांकन (स्व-मूल्यांकन, समकक्ष मूल्यांकन तथा शिक्षक मूल्यांकन) हेतु 360-डिग्री समग्र प्रगति कार्ड का समावेश किया गया है।

अनुभूति में खास क्या है?

- अनुभूति पाठमाला, पाठ्यपुस्तक, अभ्यास पुस्तिका एवं व्याकरण पुस्तक है। (Textbook cum- Workbook cum- Grammar Book)
- पौराणिक परंपराओं का प्रस्तुतीकरण किया गया है।
- आधुनिक सोच के आधार पर बनाए गए लेखों का समावेश है।
- यह पाठमाला Self-sufficient और Self-explanatory है।
- प्रश्नों के द्वारा अन्य विषयों से जुड़ाव एक महत्वपूर्ण विशेषता है।
- कक्षा 1 से 3 तक के लिए रुचिकर सामग्री पुस्तक के अंत में दी गई है।

लेखिका परिचय

अनुभूति पाठमाला की रचनाकार श्रीमती कल्पना शर्मा, हिंदी एवं राजनीति विज्ञान में स्नातकोत्तर हैं। इनकी उपलब्धियों में हिंदी अकादमी पुरस्कार भी सम्मिलित है। लेखन के क्षेत्र में 10 वर्षों का अनुभव सराहनीय है। इनकी भाषा शैली सरल एवं मार्मिक है, जिसमें शुद्ध हिंदी, खड़ी बोली, संस्कृत, उर्दू एवं अंग्रेजी शब्दों का समावेश है।

पाठ-क्रम	
1. सुनो ध्यान से...	12
2. चलो बात करें...	14
3. सोचकर उत्तर दो-	18
4. कल्पना के पंख...	28
5. भाषा को जानें...	30
6. जीवन मूल्यों के विकास...	38
7. रचनात्मक समय...	43
8. जीवन कौशल...	50
9. भाषा एवं व्याकरण...	59
10. रचनात्मक गतिविधियाँ...	67
11. जीवन मूल्यों के विकास...	68
12. भाषा एवं व्याकरण...	74
13. रचनात्मक गतिविधियाँ...	76

सुनो ध्यान से (LISTENING SKILL)
श्रवण कौशल के विकास हेतु

चलो बात करें (SPEAKING SKILL)
वाचन कौशल के विकास हेतु

पाठ को जानें (READING SKILL)
पठन कौशल के विकास हेतु

सुनो ध्यान से... (Listening Skill)

अध्यापिका से कविता सुनकर रिक्त स्थान भरें -

एक-एक धागा , बनती पक्की

एक-एक से ही, माला बनती

एक-एक चुनकर, नौड़ बनाती।

..... को एक-एक से, है भर जाती।

चलो बात करें... (Speaking Skill)

शुद्ध उच्चारण करें-

बेसब्री, चॉकलेट, डिब्बा, नाविक, अमेज़न, काकाओ, अत्यंत, स्वादिष्ट, पदार्थ, स्पेन, चमत्कारी, आकृतियाँ, विभिन्न, टुकड़ा

पाठ को जानें... (Reading Skill)

1. सही उत्तर चुनकर सही उत्तर चुनकर (MCQs)

(क) जल को धारा कैसी है?

उज्ज्वल निर्मल कोमल

(ख) बिजली दूर-दूर तक कैसे जाती है?

तार पर चढ़कर नदी में तैरकर सड़क पर चलकर

(ग) सिंचाई किससे की जाती है?

तार से दीप से जल से

कल्पना के पंख (WRITING SKILL)
लेखन कौशल के विकास हेतु

तार्किक क्षमता (CRITICAL THINKING SKILL)
के विकास हेतु विश्लेषण

जीवन कौशल (LIFE SKILL)
स्वस्थ जीवन शैली की समझ हेतु

कल्पना के पंख... (Writing Skill)

यदि आपको फूल या काँटा बनने का मौका मिले तो आप क्या बनना चाहेंगे और क्यों? लिखें।

3. सोचकर उत्तर दो- (Critical Thinking)

मीठी बोली बोलने के क्या लाभ हैं?

जीवन कौशल... (Life Skill)

यदि कहा में आपका कोई सहपाठी चुन-चुप व सबसे दूर रहता है तो आप क्या करेंगे? ✓ लगाओ।

- आप भी उससे नहीं बोलेंगे।
- अपने पिछों को उसके पास जाने से मना करेंगे।
- आप जाकर उससे बात करेंगे तथा उसे अपना दोस्त बना लेंगे।
- आप उसको ओर ध्यान नहीं देंगे।
- आप उसका अपने मित्रों के साथ मिलकर मजाक उड़ाएँगे।

जीवन मूल्यों के विकास
हेतु विश्लेषण

भाषा को जानें
भाषा एवं व्याकरण के विकास हेतु

रचनात्मक समय
विभिन्न रचनात्मक गतिविधियाँ

जीवन मूल्यों के विकास... (Life Skill)

(घ) आप घर के जिन कामों में मम्मी-पापा की मदद करते हैं, उनमें

● तथा जिन कामों में नहीं करते उनमें ● रंग भरें-

भाषा को जानें... (Language)

1. इन्हें पढ़ो-

ने, में, के आदि लगाने पर बहुवचन शब्दों के अंत में 'ओं' या 'यों' लगता है।

चूहा	चूहे	चूहों ने
आदमी	आदमी	आदमियों ने
गाँव	गाँव	गाँवों में
महानगर	महानगर	महानगरों में
चुड़िया	चुड़ियाँ	चुड़ियों ने

रचनात्मक समय... (Creative Time)

1. रवीन्द्रनाथ टैगोर की ऐसी ही एक और कहानी है- 'हीमवाला'। अपने पुस्तकालय से पुस्तक लेकर इस कहानी को पढ़ो।

2. रवीन्द्रनाथ टैगोर के बारे में जानकारी जुटाकर एक प्रस्तुतीकरण तैयार करो।

3. इस कहानी को चित्रकथा के रूप में तैयार करो।

4. इस कहानी का नाटक के रूप में मंचन करो।

with **NEP** GUIDELINES

व्याकरण, भाषा को सीखने और समझने की प्रथम सीढ़ी है। व्याकरण के ज्ञान के बिना भाषा को उचित तरीके से पढ़ना, लिखना, बोलना व समझना संभव नहीं है। इन सभी को ध्यान में रखते हुए 'रचिका हिंदी व्याकरणमाला' (कक्षा 1 से 8 तक) की रचना की गई है। यह शृंखला राष्ट्रीय शिक्षा नीति (NEP), 2020 तथा राष्ट्रीय पाठ्यचर्या रूपरेखा (NCF), 2023 के दिशा-निर्देशों एवं विद्यार्थियों की विभिन्न आवश्यकताओं को ध्यान में रखकर तैयार की गई है। इस पुस्तक शृंखला में विभिन्न गतिविधियों तथा क्रियाकलापों का समावेश किया गया है जो कि न केवल व्याकरण की नीरसता को समाप्त करते हैं, अपितु इसकी विषय वस्तु को रोचक एवं बोधगम्य भी बनाते हैं।

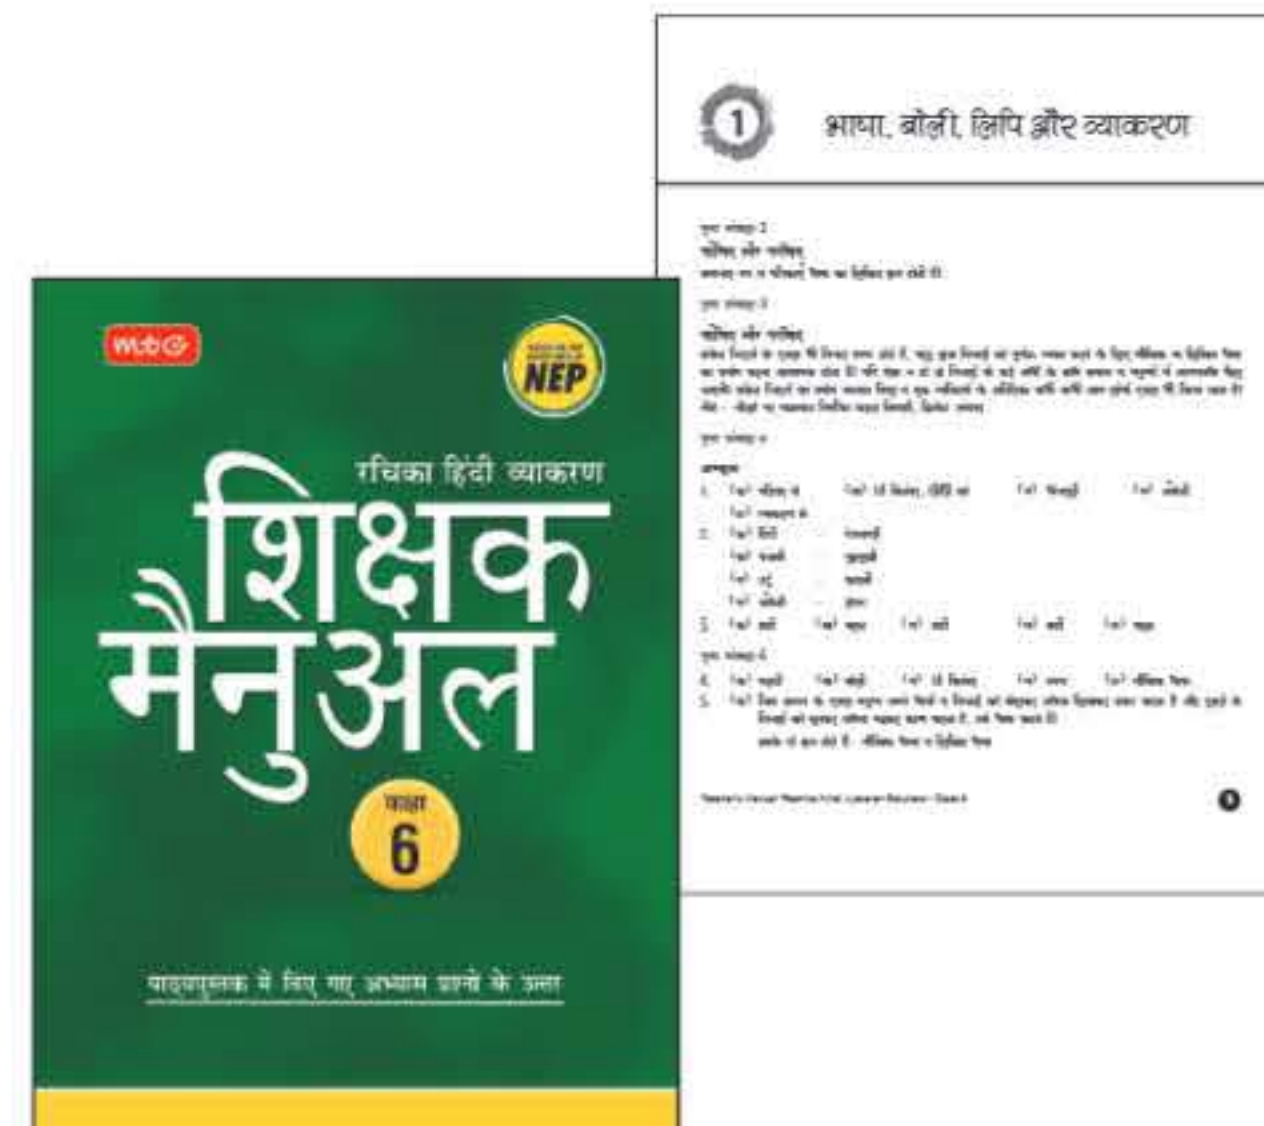

मुख्य विशेषताएँ

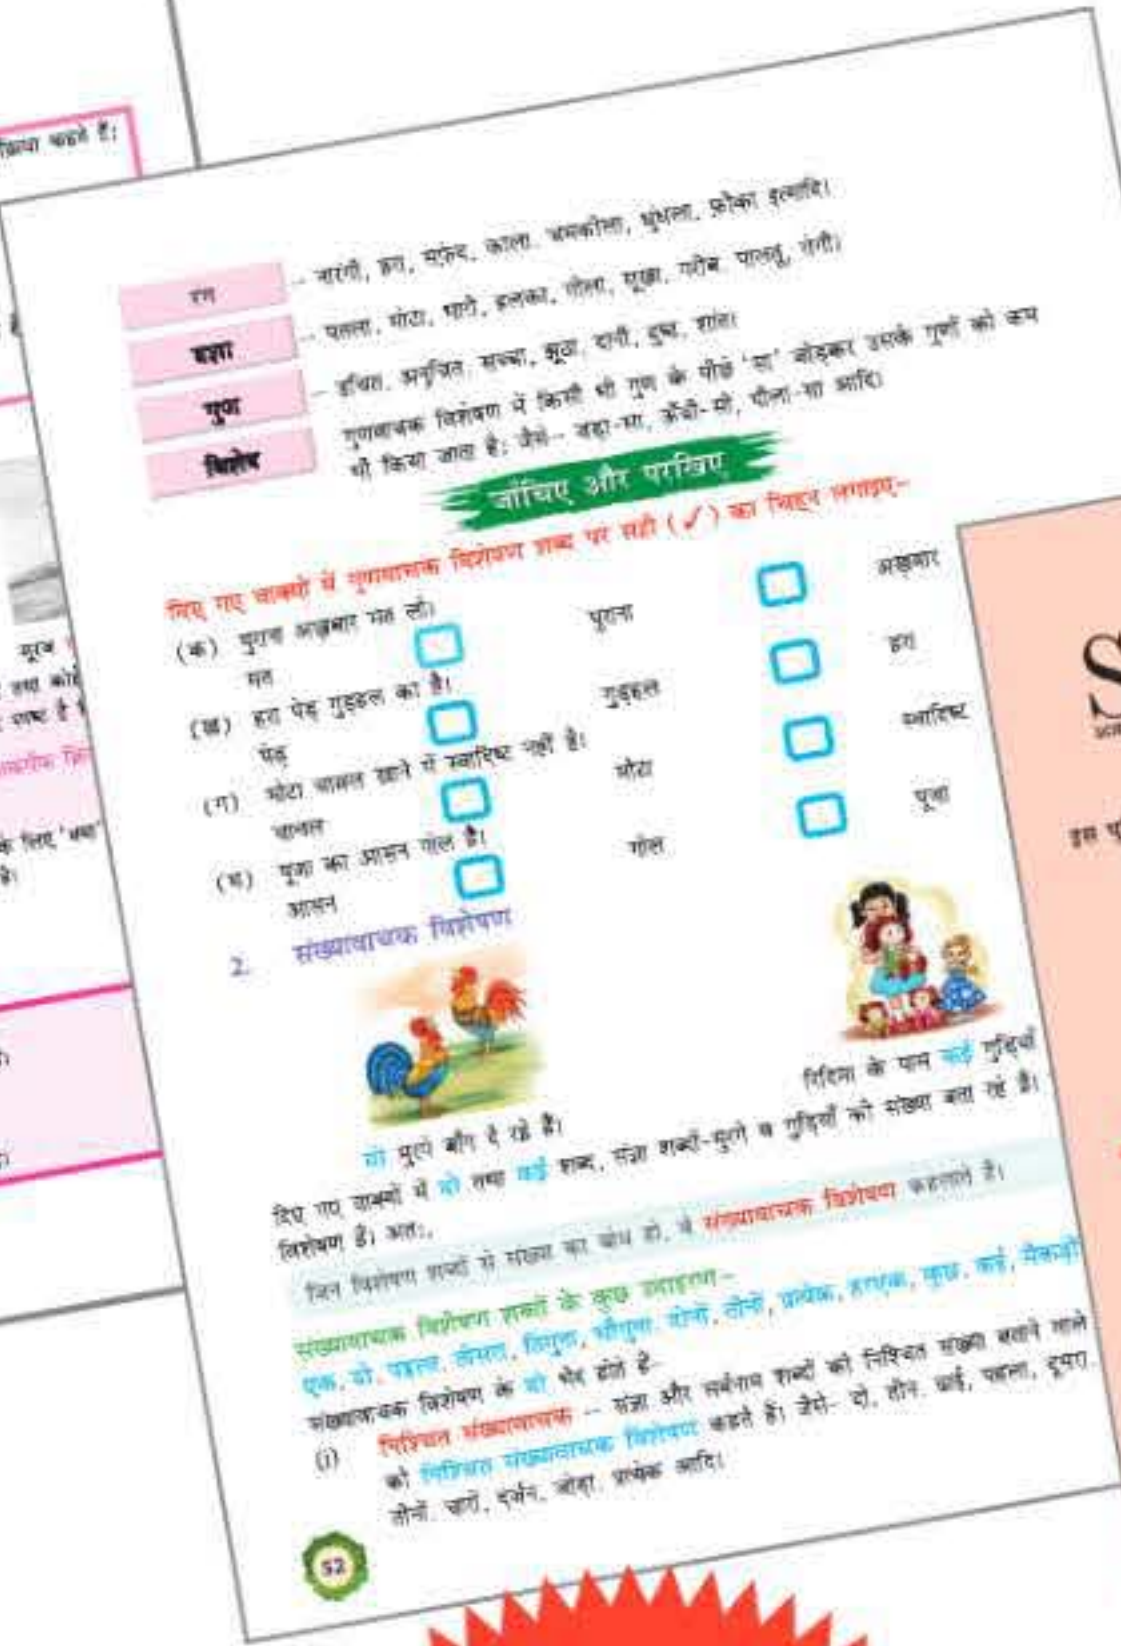

- राष्ट्रीय शिक्षा नीति (NEP), 2020 तथा राष्ट्रीय पाठ्यचर्चा रूपरेखा (NCF), 2023 के दिशा-निर्देशानुसार
- विद्यार्थियों की आयु, रुचि व क्षमता के अनुसार पाठ्य-सामग्री का समावेश
- स्तरानुकूल उदाहरणों एवं गतिविधियों का समावेश
- व्याकरण की नीरसता व जटिलता को समाप्त कर सरलतम विधि का प्रयोग
- व्याकरण के व्यावहारिक और प्रायोगिक पक्ष पर बल
- रोचक बातचीत, चित्रकथाओं एवं संवादों का समावेश
- पाठ के मध्य में 'जाँचिए और परखिए' एवं अंत में 'अभ्यास' के अंतर्गत विविध प्रश्नों का समावेश
- 'दोहराने का समय', 'व्याकरण कोश' तथा 'आओ कुछ करें' के अंतर्गत मुख्य बिंदुओं का दोहराव, व्याकरण से संबंधित रोचक जानकारी तथा मनोरंजक गतिविधियों एवं क्रियाकलापों का समावेश
- शुद्ध उच्चारण, शब्द-रचना, वाक्य-रचना एवं मानक वर्तनी सिखाने पर बल
- आकर्षक चित्रों, तथ्यों एवं तालिकाओं का समावेश
- SOF अंतरराष्ट्रीय टिंडी ओलंपियाड प्रश्न पत्र का समावेश

Integrated LEARNING MATHEMATICS

with NEP GUIDELINES

It is a unique series of Mathematics textbooks for **classes 1 to 8** based on guidelines laid down by National Education Policy (NEP), 2020 and National Curriculum Framework (NCF), 2023 for interactive teaching methodology in Mathematics that reinforces Smarter Learning. It is designed to improve learners' understanding, analytical and problem-solving skills from the early years.

ABOUT THE AUTHOR

Class 1 to 5

For 20+ years **INDU JAIN** has imparted her thorough knowledge of Mathematics to her students, enlightening them about smart methods of solving arithmetic problems. She has done M.Sc. (Mathematics) from IIT Delhi.

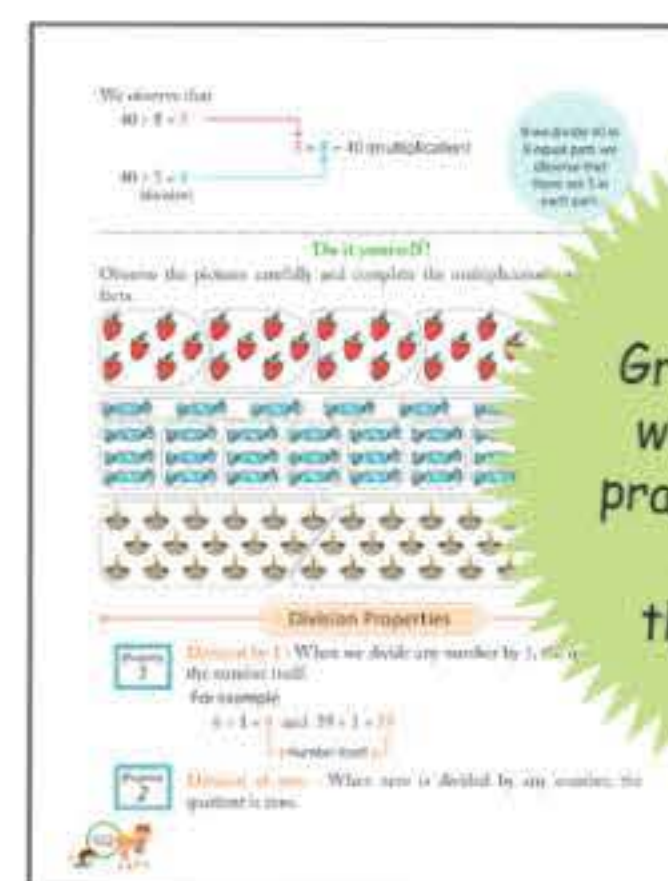

Getting Ready

Recapitulates concepts to establish link between two consecutive classes

Do it Yourself

Grills the learner with challenging practice problems to enhance the analytical skills

Word Fun

Connects Mathematics to daily life

Practice Work

Emphasises on the concepts learnt by providing a variety of questions on all topics covered in the chapter

Wrap Up

Recapitulates the entire chapter with practice exercise

SOF IMO Solved Paper included to give learners an extra edge

Smart Features

- Concepts are well-explained through age-appropriate text, attractive illustrations with step-by-step solutions.
- Concepts are supported with relevant visuals and informations to engage child's interest in Mathematics.
- Do it yourself, Wrap Up, Getting Ready and Miscellaneous Practice not only develop better comprehension of concepts, but also give opportunity to develop decision-making, problem-solving and critical thinking skills.
- Activities with Activity Record have been added at the end of the book to develop the team building, fine motor, analytical and creative skills.
- Series is aligned with the National Education Policy (NEP), 2020 and National Curriculum Framework (NCF), 2023, promoting application-based learning and ensuring that students develop strong foundational skills.
- SOF IMO solved paper included to give learners an extra edge.

ABOUT THE AUTHOR Class 6 to 8
An ex-DPS faculty member, **Latha Chandrasekaran** has been teaching Mathematics for past 16+ years at school level. She has degrees in M.Sc. (Mathematics), M.Tech. and B.Ed.

MITR
MTG INTEGRATED
TEACHER RESOURCES

Smart Features

- Focus Points** helps to identify important areas of the chapter.
- Pondering Pi** motivates the child to explore the chapter.
- Know(ledge) well** gives insight into the concept explained.
- Tit-Bit** is the further extension of the application of the knowledge acquired.
- Give it one more try** helps the child to explore more about the concepts learned.
- Indi-Genius** presents the contribution of Indian scientists in Mathematics.
- HOTS** harnesses the logical skills and boosts lateral and critical-thinking in learners.
- Math Projects** are hands-on activities to enhance practical knowledge.
- SOF IMO** solved paper included to give learners an extra edge.

INDI-GENIUS IN MATHEMATICS

Geometry is called Rekha-Ganita in ancient India. The principles of Geometry were accurately applied by Indians in the architectural field. Geometric patterns including different quadrilaterals, etc., are displayed as temple motifs even today.

KNOW(LEGE) WELL

- By multiplying or dividing the numerator and denominator of the given fraction by the same number, we can get as many equivalent fractions.
- An equivalent fraction of a unit fraction will never be a unit fraction.

TIT-BIT

The absolute value of a number is always positive or zero but never negative.

Pondering Pi

If $4 \times 5 = 20$ is a multiplication fact and an arithmetic equation, then what is $4 \times x = 20$ called?

Why this series is SMARTER than the best?

- CHILD CENTRIC, simplistic text to understand concepts **SMARTLY**
- WIDE VARIETY of questions to practice **SMARTLY**
- HOTS to develop problem-solving skills **SMARTLY**
- Wrap Up and activities to hone analytical skills **SMARTLY**
- International Mathematics Olympiad (IMO) Solved Question Paper has been included to give your learning an extra edge

Fun way of

EXPLORING MATHEMATICS

Fun way of Exploring Mathematics is a series of 8 books for classes 1 to 8. The prime motto of creating this series is not only to clear students' foundational mathematics concepts, but also to instil an interest in mathematics from a very young age.

The series is in alignment with the NEP 2020 and NCF 2023 guidelines which recommend reduced curriculum content to enhance essential learning and critical thinking, experiential learning, curricular integration of essential subjects, skills, capacities, etc. Incorporation of 21st Century Skills makes this series helpful in the process of making learning mathematics more holistic for the students.

Smart Features

Learning Objectives – Helps to assess the learning objectives of the chapter.

Let's Recall – Connects the chapter with lessons learnt previously.

Teacher's Tips – Contains helpful tips for teachers.

Fact Box – Consists of general information about the topic learnt.

Let's Try – Builds confidence in students for self-practice.

Do you make these mistakes?/Commonly Made Mistakes – Helps to prevent mistakes students often do.

Practice Time – Provides plenty of scope to brush-up the application skills.

Revision Time – Recapitulates the entire chapter to enhance learning.

Worksheets – Tests the overall learning outcomes.

Keywords – Lists the difficult words in each chapter.

Brain Gym/Maths Challenge – Enhances critical thinking among students.

Activity Time – Develops the students' skills of observation, concentration, teamwork, analysing, fine motor, creation, etc.

Word Corner – Enables the students to analyse real-life situations by doing concept and application based exercises.

Project – Hands-on project ideas to enhance learning beyond the classroom.

Subject Integration – Connects Mathematics with different subjects.

SOF IMO Questions – Includes chapterwise actual questions from the International Mathematics Olympiad.

Competency Based Questions – To assess student's ability to apply knowledge and skills in real-world scenarios in classes 6 to 8.

Sustainable Development Goals (SDGs) – Provides holistic understanding of global issues in classes 6 to 8.

360-Degree Holistic Progress Card - Evaluates various aspects of student's development and learning experience in classes 6 to 8.

SOF IMO Solved Question Paper included to give learners an extra edge.

MATHS Practice-cum-Workbook

MTG Maths Practice-cum-Workbook series for **classes 1 to 8** is designed for classroom as well as self practice. These workbooks strengthen learners' problem-solving skills and Higher-Order-Thinking Skills.

The series is based on National Education Policy (NEP), 2020 and National Curriculum Framework (NCF), 2023 guidelines that emphasise learning should be activity based and comprehension driven. It will help learners to understand the concepts better, increase their interest and enable them to relate the topics with real life examples.

Smart Features

Riddle Time comprises of riddles based on the concepts that stimulate learners' thinking ability.

Word Fun comprises of application-based questions to implement the concepts learnt.

Crossword comprises of grid puzzle with clues that help learners to learn terminologies and concepts being used.

Tick (✓) the correct option comprises of MCQs to inculcate elimination-selection skills in learners.

Fun Based Activity comprises of mazes, games and colouring activities to help learners learn with fun.

Challenge comprises of complex questions that require in-depth understanding of concepts.

Quick Answers comprises of fundamental questions that help learners to calculate fast and find crisp solutions.

Sheet symbol  - indicates that the learner can use an extra sheet to write her/his answers.

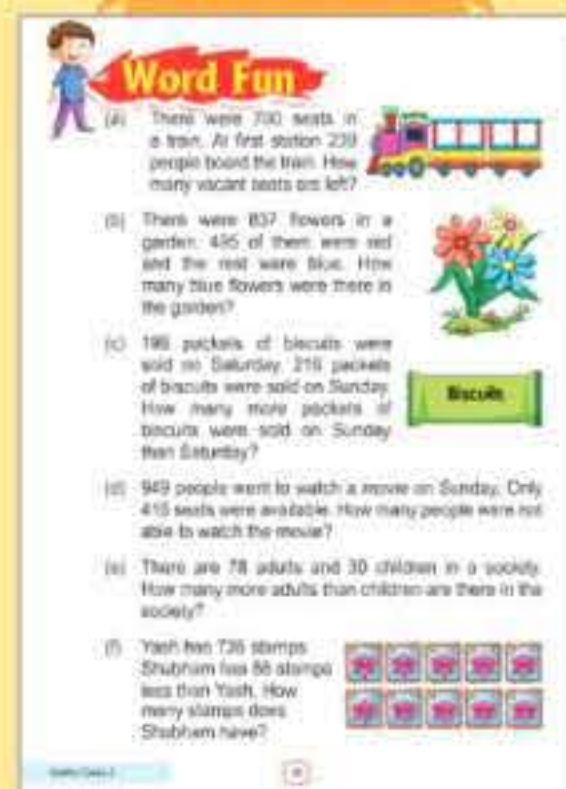

It inculcates the elimination-selection ability in learners.

It will provide learners the opportunity to have stress-free and fun-filled outlook towards Mathematics.

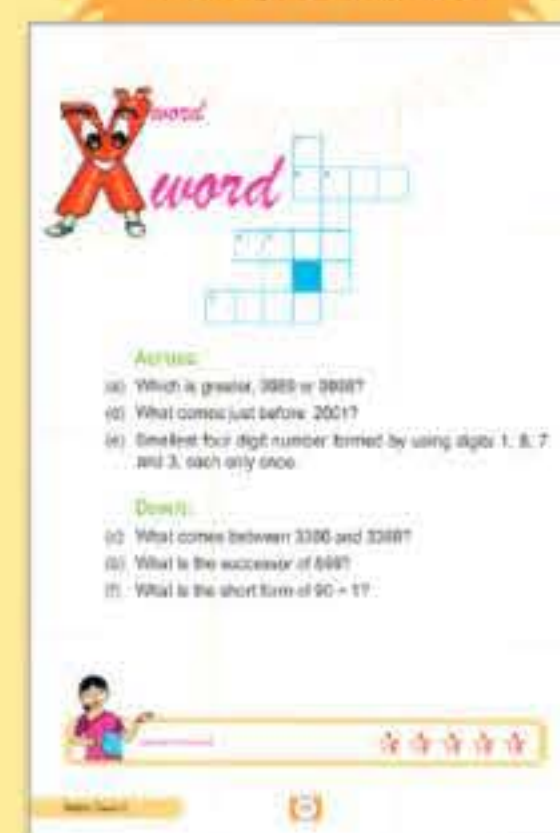

It enables learners to implement the concepts learnt and apply Mathematics in real life situations.

This feature has short questions which will prompt the learners to calculate fast and find crisp solutions.

It enables learners to understand terminologies and implement concepts learnt.

This feature will feed the curious minds of learners and fuel their minds to find solutions by grasping a complex idea.

It will deviate the learners from the rote learning of concepts and engage them in light and enjoyable activities.

Why this series is SMARTER than the best?

The only workbook series in the market with wide variety questions for classes 1 to 8

A large number of questions to practice

Well framed questions with simple and easy-to-understand instructions

Puts logical thinking and reasoning ability into practice

'Teacher's comment' and 'self-check' features for self assessment

An ideal workbook series for any book by any board

Workbook Solutions Are Available For All Classes

KNOW YOUR IQ MATH SERIES

MTG Know Your IQ Math Series, for classes 1 to 8, is intended to encourage logical and creative thinking in the young child's mind and to promote the ability to observe, classify, recognise, compare, contrast and make deductions. It will help in developing your growing child's natural talent and open her / his mind to new experiences. Your child will find these IQ exercises interesting, challenging and exciting all at the same time! Practising these questions will motivate the child to tackle difficult Mathematics questions in easy manner.

Smart Features

Topic list showing the glimpse of the topics covered.

Olympiad Oriented Theory with session-wise breakup of a chapter for bit by bit learning

Learning exercises in the form of **Learn Fast**.

Test Your IQ questions to establish logical & analytical relationships and arrive at the correct solution on the basis of what you have learnt.

IQ Assessment Chart at the end of each chapter to know your IQ after attempting the test.

Know Your Aptitude section will help you in finding particular area of weakness to work upon.

Why this series is **SMARTER** than the best?

The only IQ series in the market with wide variety of questions for classes 1 to 8

A large number of questions for practice

Well framed questions with simple and easy-to-understand instructions

Puts logical thinking and reasoning ability into practice

IQ Assessment Chart for self assessment

An ideal IQ series for any board

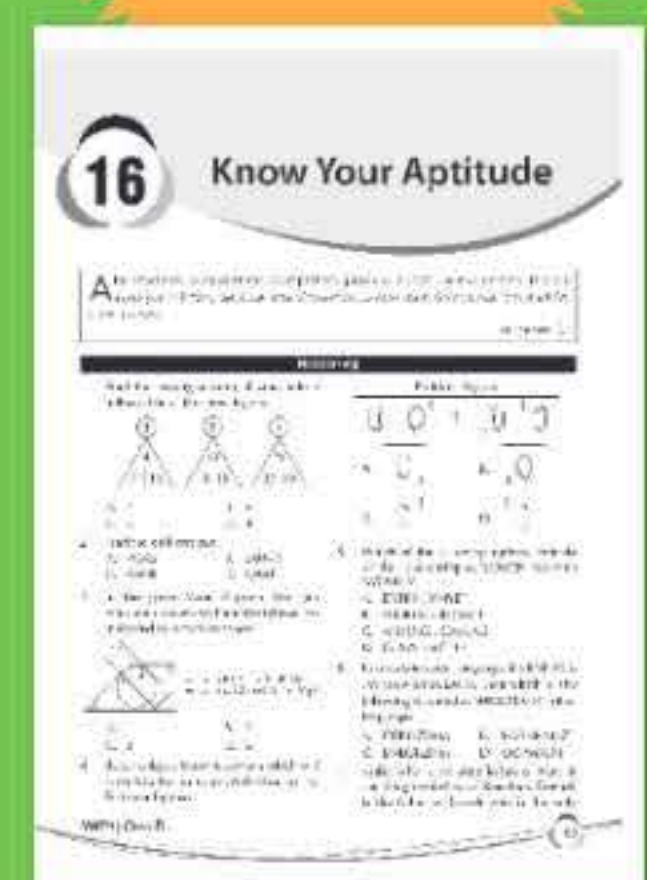

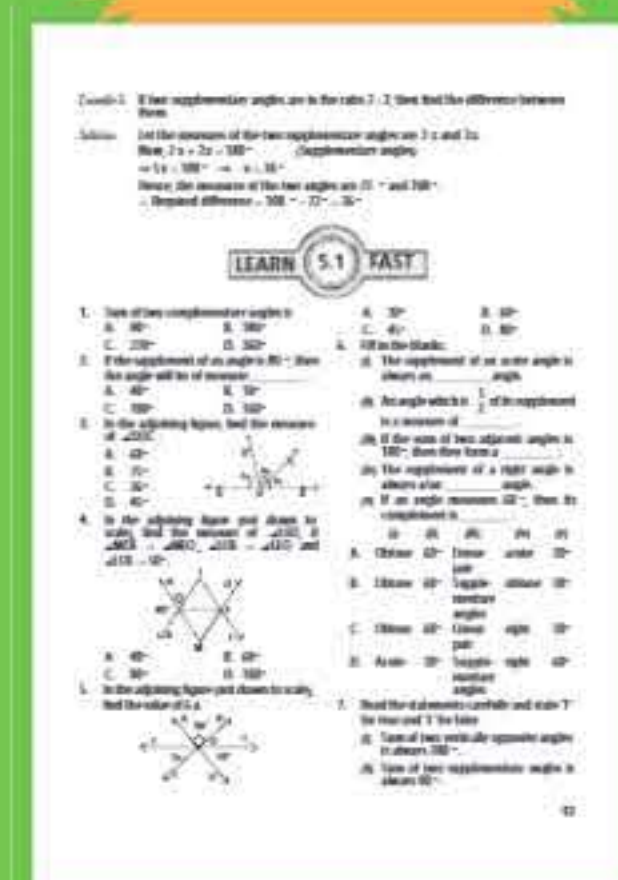

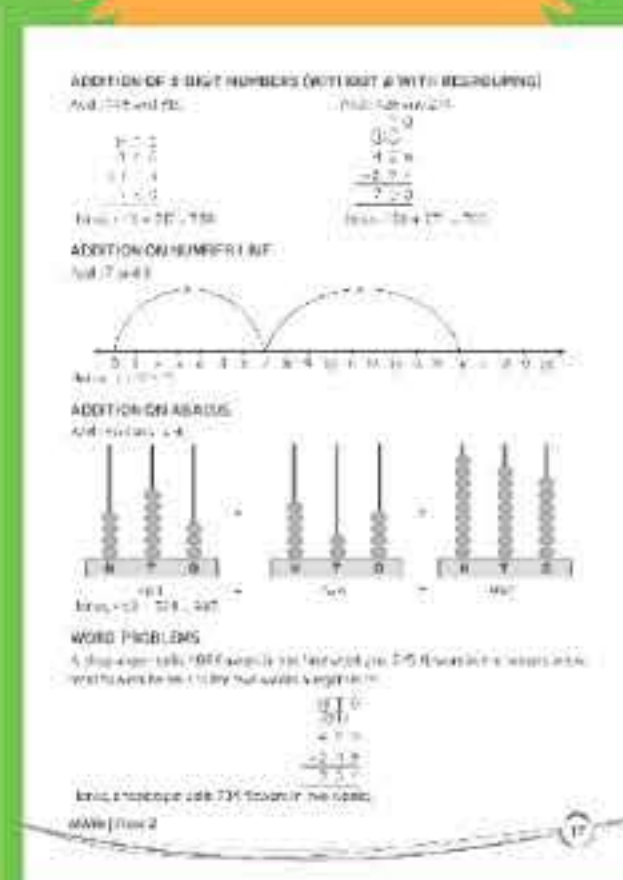

By the topic list at the starting of each chapter the learner gets to know the topics given in the chapter.

Explanation with the help of examples enhances the problem solving skills.

It enables to establish logical and analytical relationships among the learners.

Exercise after each session helps learners to build confidence.

It will help the learners in finding particular area of weakness to work upon.

REASONING WORKBOOK

REASONING WORKBOOK is a series of workbooks for classes 1 to 10, created for classroom as well as self practice. These workbooks encourage learners to think both critically and creatively.

Each of its chapter contains a wide range of questions specially formed to reinforce the concepts and skills learners learnt in the textbooks.

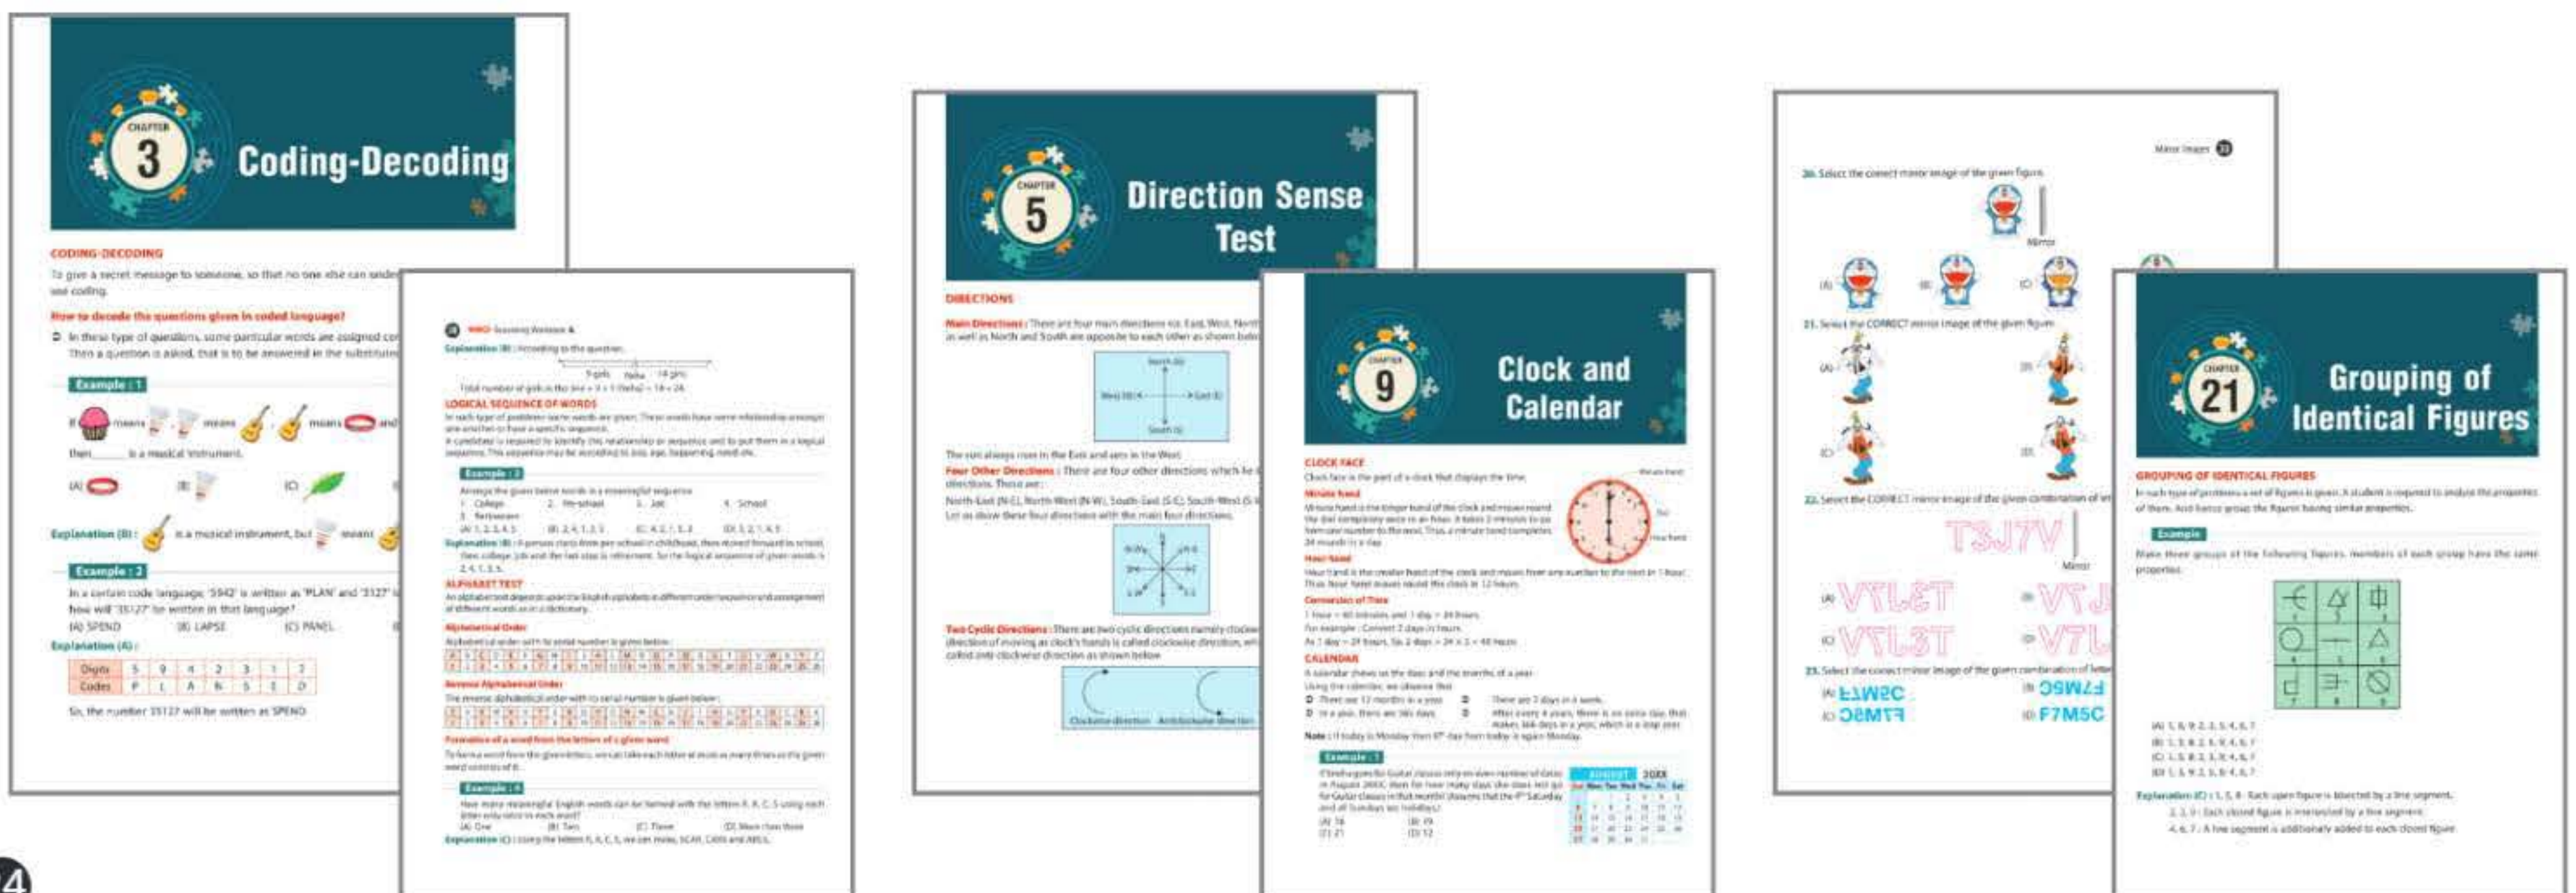

Why this Series is **SMARTER** than the best?

- Develops learners' analytical and reasoning skills
- Attractive illustrations help learners to understand and answer the questions
- Identifies learners' strengths and weaknesses
- Encourages learners' to use Higher-Order-Thinking Skills
- Offers practice corresponding to questions in Olympiad test format
- Recommended for preparing for Competitive / Olympiad / Talent Search exams

Smart Features

- Age-appropriate content
- Covers all the genres of Verbal and Non-verbal reasoning
- Step-by-step introduction of concepts
- Exercises preceded by solved examples
- Hints and Explanations given along with Tips and Tricks
- Questions of IMO, NSO and ICSO are included in each chapter
- Simple and lucid language to make studying enjoyable

Approx. 50% (same and similar) questions of LOGICAL REASONING in IMO, NSO & ICSO are from these workbooks.

Reasoning Mastery

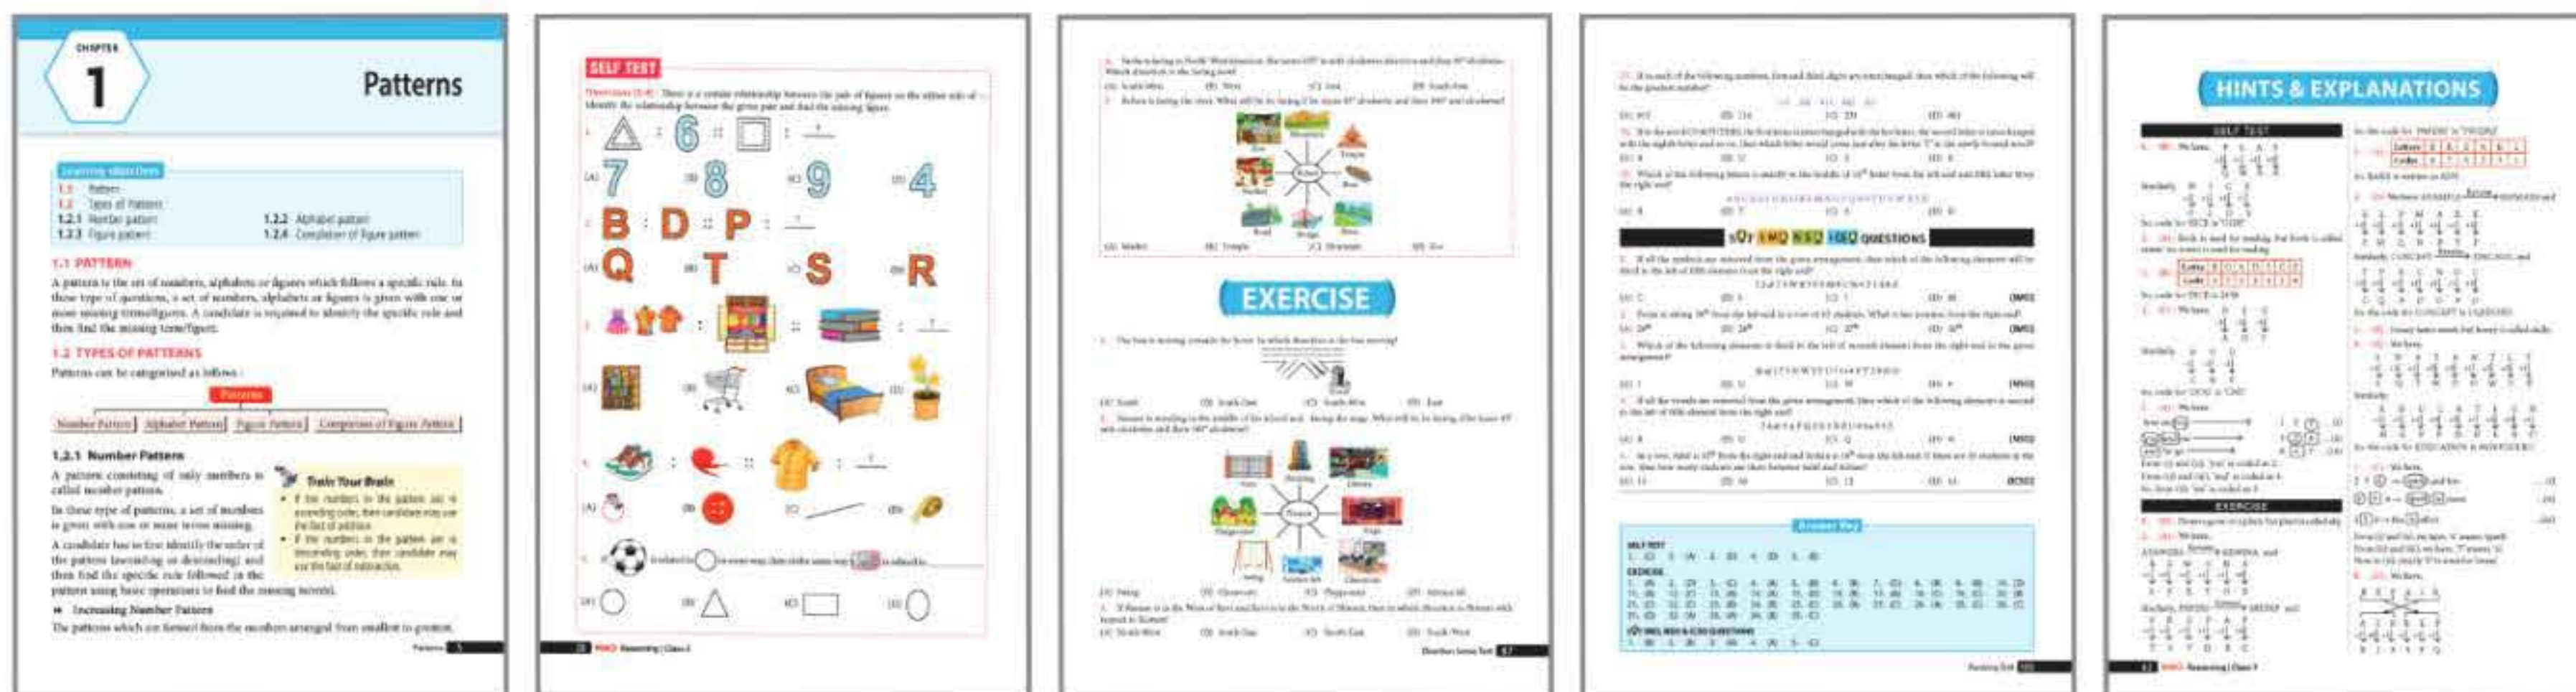

A Step-by-Step Guide

Reasoning Mastery is a series of books for Classes 1 to 10. This series is designed for ambitious students aiming for the top positions in various competitive exams. Ideal for learners who are curious, self-driven, and eager to develop advanced problem-solving skills and critical thinking for a brighter academic future.

Smart Features

- Detailed Theory with pictures & examples
- Train Your Brain containing unique facts and tips/tricks to solve the questions quickly
- Self Test to track the progress
- Exercise with different types of MCQs to practice
- SOF IMO, NSO & ICSO chapterwise previous years' questions.
- Hints & Explanations for quick guidance and better understanding.
- Useful for all Olympiads & Talent Search examinations.

INTEGRATED ENVIRONMENTAL STUDIES

with NEP GUIDELINES

Integrated Environmental Studies series is designed for **classes 1 to 5**. It adheres to the vision of **National Education Policy (NEP), 2020** and **National Curriculum Framework (NCF), 2023**. The series is a fine mixture of attractive illustrations and learner-friendly language. It aims to construct and shape the knowledge of environment and create awareness towards it. The series is based on the theme of '**learning by doing**' and helps to develop learners' **creativity** and enhances their **problem-solving ability**.

Smart Features

- Series completely groomed with NEP-icons tagging to develop 21st century skills among learners.
- Age-appropriate, learner-friendly, well-structured content with lucid language.
- **Info Bits** and **Amazing Facts** to increase learners' knowledge.
- Activities like **Fun Time**, **Activity Time** and **Project Time** focus on arousing learners' imagination.
- **Kiara asks** develops curiosity to know more.
- **Mind Map** includes summary of chapter in flowchart form.
- **Recap Time** provides quick revision of the lesson.
- **Practice Time** evaluates the learning through variety of questions.
- **Life Skills** and **Words of Wisdom** enhance interpersonal skills and inculcate moral values.
- Questions in **Think Tank** develop higher order thinking skills.
- **UN's SDGs** Integration to provide holistic understanding of global issues.
- **STEAM** Integration for incorporating creative thinking and innovation for solving real world problems (in class 3-5).
- **360-Degree Holistic Progress Card** for evaluation of various aspects of a student's developments and learning experience.
- Teacher's Resource Manual (TRM), containing worksheets and textbook solutions.

Why this series is SMARTER than the best?

Child-centric, age-sensitive, well-illustrated series
Easy, lucid language with relevant, precise and crisp information

Wide variety of questions based on visual, auditory and kinaesthetic system of learning for better understanding of concepts

Real life situation-based examples and questions help learners to be insightful and culturally and ethically inclined

Learners learn to relate with world and expedite their experience

4 Clean, Fit And Healthy

Kiara and Sid are fit and healthy children. They get up early in the morning. They keep themselves neat and clean. They exercise every day and eat healthy meals at regular intervals.

Think Tank

Animals are helpful to humans in many ways. Can you think of some ways in which animals are helpful to plants?

Life Skills

Animals also experience emotions like happiness, sadness, fear and anger much like humans. Should we treat them as we treat other human beings?

Project Time

Make a survey of your neighbourhood and find out the types of animal present there. Click their pictures and paste them in your scrapbook. Write down the following information about them.

- Animal is big, small or tiny.
- Animal is herbivore, carnivore or omnivore.
- Animal is shy, friendly or ferocious.
- Does it provide any useful product to us?
- What kind of body covering it has?
- It has big or small ears.

STEAM Integration

Take some sugar or jaggery and drop it on the floor and wait for the ants to come near it. Now observe the following :

- How long did it take for the ants to come to the sugar/jaggery you dropped?
- Did a single ant come at first or a group of ants came together?
- Did the ants move in a line? What happened when you blocked their path?

Amazing Facts

George de Mestral (1948) saw seeds sticking on his clothes and on his dog's fur. When he observed these seeds under a microscope, he realised that they had many tiny hooks which made them stick to fur and clothes. Thus, he developed Velcro with similar tiny hooks that could stick. Today Velcro is used to stick many things together like clothes, shoes, bags and belts.

MIND MAP

Introducing Myself

Personal Details

- Name
- Gender
- Age
- Birthday

Family

- Parents
- Brothers/Sister
- Grandparents

School

- Class
- Favourite subject
- Teachers
- Achievements

Hobbies

- Playing outdoor games
- Reading
- Singing
- Dancing
- Swimming

Recap Time

- We all are unique.
- We live with our family.
- We make different friends.
- We all have some hobbies.

Practice Time

A. Circle the activity which you like to do the most.

Words of Wisdom

Plants are necessary for our survival. So we should make efforts to plant more and more saplings.

Info Bits

A banana plant is the tallest herb. It has green coloured soft stem which lives for a short time.

Fun Time

Paste pictures of 5 big and 5 tiny animals in your scrapbook. Write down their names and also mention whether they can be easily found around us or can be seen only in forests.

Activity Time

Unscramble the given letters to get the names of some animals and match them with their pictures shown here.

- CTPSOOU
- QURESIRL
- ABTRBI
- AGROANKO
- UTRLYBEFT

Can you tell names of some more plants that originated in places other than India?

Let's Try

Give two examples of each of the following.

- Animals that have feathers
- Animals with no external ear
- Animals that have the ability to camouflage
- Animals that have scales

INTEGRATED LEARNING SCIENCE

with NEP GUIDELINES

It is a unique series of Science Textbooks for classes 1 to 8 based on interactive teaching methodology for Science, that reinforces Smarter Learning. It is designed to encourage scientific aptitude in learners from the early years of learning. It emphasises that learners learn by Asking, Observing, Exploring and Doing.

ABOUT THE AUTHOR (Classes 1 to 5)

SURACHITA ROYCHOWDHURY

(M. Sc. Zoology) has 25+ Years of Teaching Experience, which has given her an understanding of children psychology at a deeper level. This considerable insight has helped her author 26 school books so far. Currently, she is working as P.R.T. and H.O.D. of Science at Cambridge School, Noida.

ABOUT THE AUTHOR (Class 6)

SANGEETA SINHA

has 25+ Years of Teaching Experience, which has given her a good understanding of the subject, essential for curating an age appropriate textbook.

Smart Features

CLASS 1-5

- Content based on the guidelines laid down by National Education Policy (NEP), 2020 and National Curriculum Framework (NCF), 2023.
- NEP-icons tagging is provided throughout the content to develop different 21st century skills in learners.
- Concepts are well-explained through age-appropriate text, attractive illustrations and hands-on activities.
- Concepts are supported with fascinating facts and informations to develop learners' interest in Science.
- Varied and detailed exercises help to evaluate the learners' understanding of concepts and assess their learning.
- HOTS, VBQ and Life Skills questions not only give shape to learners' logical and analytical thinking but also develop their critical thinking and social behaviour with their peer groups.
- STEAM Integration Provides Activities for Interdisciplinary approach to learning.
- SDGs Integration provides holistic understanding of global issues.
- 360-Degree Holistic Progress Card for evaluation of various aspects of a student's development and learning experience.
- SOF NSO Solved Paper Included to give learners an extra edge.

CLASS 6-8

- **Learning Goals** outlines the topics that will be learnt in the chapter.
- **Pause to Ponder** emphasises to pause and think about a matter.
- **Smart View** provides extra information related to the topic.
- **Science Quest** presents interesting, mind engaging query to develop curiosity for new learning.
- **Let Us Try** provides in-text exercise to help in developing the 'Learning by Doing' and 'Analytical Approach' in the learners.
- **Step by Step** includes in-text questions to reinforce the concepts learnt.
- **Science Near Us** helps to explore the real science in day-to-day life.
- **Watchwords** reiterates the meaning of the key concept words of the chapter.
- **Summary (be mindful)** summarises the lesson and enables easy revision.
- **Info Bits** provides interesting additional information at the end of the chapter.
- The book provides **worksheets** for self-evaluation.
- **Test Match** assesses the learning of students.
- **SOF NSO Solved Paper** Included to give learners an extra edge.

Reproduction in Plants

You will learn about

- Reproduction from seed
- Parts of a seed
- Seed germination
- Seed dispersal
- Reproduction from body parts
- Crop production

Curious Curie
Why do gardeners dig soil from time to time?

Have you ever noticed the beautiful aroma from a pineapple fruit? Do you know, it can be used for growing a new pineapple plant? The crown is the topmost part of the pineapple fruit, which is placed inside the soil and nurtured properly to give rise to a new plant.

Life on the earth is made possible by plants. Plants are the source of food for all living organisms. They also provide shelter and oxygen. Without plants, life on earth would not be possible.

Curious Curie
Presents mind opening query to develop curiosity for new learning

TEST MATCH

Practice Test - 1

A. Tick (✓) for the correct answer.

- A dense, soft covering of hair is called (a) feather (b) shell (c) trachea (d) fur
- (a) Earthworms (b) Reptiles (c) Sponges (d) Mammals
- Flat and broad teeth help (a) carnivores (b) herbivores (c) omnivores (d) scavengers
- Birds, like duck and hen, use the help of their (a) webbed feet (b) wings (c) tail (d) beak

Test Match
Reinforces the concepts learnt

STEAM Integration

Provide activities for interdisciplinary approach to learning

Value Based Question

It was supposed to be a huge wedding feast but because of bad weather only few guests attended the wedding. A large amount of food was unused which got spoiled the next day. Would you distribute this food among the poor people? Explain your answer.

Activity 1

- Kwashiorkor and Marasmus are two types of malnutrition that occur in young children due to lack of certain nutrients in their diet. Find out about these two diseases.
- Play the '20 Questions' game. Write down the questions that are particularly interesting for you.

Active Learning

Make a group of 4-5 students. Each student will be assigned a role. They will be responsible for the food and health of the group.

MITR

MTG INTEGRATED
TEACHER RESOURCES

Wise-Worksheet 1

A. Tick (✓) for the correct answer.

- The tomato plant is a (a) tree (b) herb (c) shrub
- (a) Root (b) Stem (c) Leaf
- Clove is a (a) vegetable (b) spice (c) fruit
- (a) Cotton plant is (b) Neem

B. State True or False.

- Climber
- Banyan
- Whorl
- Rope
- Paper

C. Answer the following questions.

- Give an example of a plant that has a taproot.
- Name two vegetables that have a fibrous root system.
- Name two plant parts that are used as spices.

Worksheets
Present exercises with both objective and subjective questions, covering all chapters

In Praise

Provides interesting, included informations, biographies related to the concept discussed

The Nervous System

The receptors send messages to the brain through the **afferent nerves**. The brain analyses these messages to know the small of things. Hair in the nose traps dust and germs, hence filters the air before it passes into lungs.

Skin
Skin is the largest organ of our body. It has different receptors that are sensitive to temperature, pressure, touch and chemicals. These receptors send messages to the brain which interprets them and enables us to feel.

Biologist's Note
A scientist named after a Greek word 'Bios' means life. A biologist is a person who studies life. He/she studies the characteristics of living organisms and how they interact with their environment.

Water Cycle

In nature, a cycle of evaporation, condensation and precipitation takes place continuously. Water evaporates from water bodies, like lakes, rivers, oceans, etc. It condenses in the air and falls down on earth as rain, snow, etc. This recycling of water in nature is called **water cycle**.

Wisdom Tree
Inculcates values that link textual knowledge with wisdom

Guided Questions

- See the diagram.
- What is evaporation?
- What is condensation?
- About three-fourths of the Earth's surface is covered by water.

Balanced diet

The diet which has the correct amount of all the nutrients such as carbohydrates, fats, proteins, vitamins, minerals, roughage and water is called balanced diet.

A balanced diet should have more portions for carbohydrate-rich food such as bread, rice, chapatti, etc. and vitamins and minerals rich food such as fruits and vegetables. It should have moderate amount of protein-rich food such as milk, pulses, etc. and very little amount of fat-rich food and sweets.

Quick Check

- Growing
- Fat
- Protein
- Minerals

Teacher's Note
Suggestions and notes for teachers to plan effective lesson plan

Some foods
Fruits and vegetables are rich in vitamins and minerals. They also help in digestion. Many other foods like cereals, pulses, etc. are also rich in nutrients. Cooking food properly kills germs in it.

MIND MAP

Reasons for Movement

- Search for food
- Escape harsh weather
- Reach breeding place
- Escape from enemies

Eating Habits

- Plant-eaters (Herbivores)
- Flesh-eaters (Carnivores)
- Both plant and flesh-eaters (Omnivores)

Animals Depend on

- For food
- For oxygen

Food

- Through eating
- Water
- Carbon dioxide
- Sunlight
- Chlorophyll

Breathing Organ

- Lungs (e.g., lion, whale)
- Gills (e.g., fish, tadpole)
- Skin (e.g., earthworm)
- Spiracles (e.g., insect)

Reproduction

- Egg laying (e.g., insect, frog)
- Birth giving (e.g., dog, cat)

Animals Depend on

- For food
- For oxygen

Food

- Through eating
- Water
- Carbon dioxide
- Sunlight
- Chlorophyll

Breathing Organ

- Lungs (e.g., lion, whale)
- Gills (e.g., fish, tadpole)
- Skin (e.g., earthworm)
- Spiracles (e.g., insect)

Reproduction

- Egg laying (e.g., insect, frog)
- Birth giving (e.g., dog, cat)

SOF NATIONAL SCIENCE OLYMPIAD

Fun way of EXPLORING SCIENCE

with NEP GUIDELINES

Fun way of Exploring Science is a series of 5 books for classes 1 to 5. The prime motto of creating this series is not only to clear students' foundational science concepts, but also to instil an interest in science from a very young age.

The series is in alignment with the NEP, 2020 and NCF, 2023 guidelines which recommend reduced curriculum content to enhance essential learning and critical thinking, experiential learning, curricular integration of essential subjects, skills, capacities, etc. Incorporation of 21st Century Skills makes this series helpful in the process of making learning science more holistic for the students.

Smart Features

- Learning Objectives** – Helps to assess the learning outcomes of the chapter.
- Mind Opener** – Presents interesting, mind-engaging query to develop curiosity for new learning.
- Fascinating Facts** – Consists of general and interesting information about the topic learnt.
- Link and Learn** – Connects Science with different subjects.
- Brain Gym** – Enhances critical thinking among students.
- Pause & Check** – Provides plenty of scope to brush-up the application skills and builds confidence in students for self-practice.
- Sneaky Corner** – Helps to foster creativity and innovative problem-solving skills.
- Wrap It Now!** – Recapitulates the entire chapter to enhance learning.
- Mind Map** - Gives quick overview of the entire chapter in the form of flowchart in classes 4 and 5.
- Practice Corner** – Develops students' skills of observation, concentration, teamwork, analysing, fine motor skills, creation, etc.
- Visual Zone** – Consists of picture-based questions that improve comprehension and enhance understanding and retention capacity of the concept learnt.
- Skill Enrichment Corner** – Assess students' ability to apply knowledge and skills in real-world scenarios.
- SOF NSO Questions** – Includes the actual questions from the SOF National Science Olympiad.
- Lets Explore/Lets Do it** – Hands-on project ideas to enhance learning beyond the classroom.
- Worksheet** – Tests the overall learning outcomes.
- Sustainable Development Goals (SDGs)** – Provides holistic understanding of global issues.
- 360-Degree Holistic Progress Card** – Evaluates various aspects of student's development and learning experience.
- SOF NSO Solved Question Paper** included to give learners an extra edge.

MITR

MTG INTEGRATED TEACHER RESOURCES

1. Crop Production

Learning Objectives

- In this chapter, students will learn about:
- Different types of crops
 - Sowing the seeds
 - Preparation of soil
 - Harvesting of crops

We eat different types of food crops. Do you know where does that food crop come from? Can you name some crops which are grown in India?

Learning Objectives & Mind Opener
Helps to assess the learning outcomes and presents interesting, mind-engaging query to develop curiosity.

Sneaky Corner

Not at the last thinking!
We obtain many things from plants. Select a plant from which more than one type of item can be obtained.

(a) (b) (c) (d)

Sneaky Corner
Helps to foster creativity and innovative problem-solving skills.

A. Choose the correct answer.
1. The part of the plant which is used for food is called (a) pulp (b) wood of the plant (c) gillyow (d) all of these

Pause & Check

Study the given flowchart. Tick (✓) the option which correctly identifies plant P and Q.

Plant with trunk Plant with weak stem

P Q

Pause & Check
Provides plenty of scope to brush-up the application skills and builds confidence in students for self-practice.

Parts of a plant
Let us recall
A plant has a root system and a shoot system.
Root is the part of the plant which is in the ground. We can eat the root of a plant like carrot, radish, etc.
Shoot is the part of the plant which is above the ground. It has a stem, leaves, flowers, and fruits.

MIND MAP

Food : Our Basic Need

Mind Map
Includes summary of the chapter in the form of flowchart.

C. Collaboration and Communication
In your class, make three groups of students. Perform a 'Role Play Activity' to demonstrate first aid for burns, fractures and sprains respectively.

SOF NATIONAL SCIENCE OLYMPIAD (NSO) QUESTIONS

- Which of the following is shown by the given road sign?
(a) No entry (b) No parking (c) No U-turn (d) No left turn
- Which of the following is a safe practice?
(a) Playing with fire (b) Running in the hallway (c) Pushing and shoving (d) All of these
- Which of the following is a safe practice?
(a) Playing with fire (b) Running in the hallway (c) Pushing and shoving (d) All of these
- Which of the following is a safe practice?
(a) Playing with fire (b) Running in the hallway (c) Pushing and shoving (d) All of these
- Which of the following is a safe practice?
(a) Playing with fire (b) Running in the hallway (c) Pushing and shoving (d) All of these

SOF NSO Questions
Includes the actual questions from the National Science Olympiad.

Practice Corner

OBJECTIVE ZONE

- Choose the correct option.
(a) Mustard crop is harvested in which month of the year? (b) June-July (c) July-August (d) September-October
- Select the odd one out.
(a) Paddy (b) Mustard (c) Jowar (d) Bajra
- The first step in food preservation is
(a) picking (b) washing (c) drying (d) boiling
- Which of the following is a safe practice?
(a) Playing with fire (b) Running in the hallway (c) Pushing and shoving (d) All of these
- Which of the following is a safe practice?
(a) Playing with fire (b) Running in the hallway (c) Pushing and shoving (d) All of these

Practice Corner
Develops students' skills of observation, concentration, teamwork, analysing, fine motor skills, creation, etc.

Assertion and Reason Type Question
Read the given 'Assertion' followed by a 'Reason' and select the correct option.
Assertion: A food is considered safe to eat only if it is fresh.
Reason: A food is considered safe to eat only if it is fresh.

WORKSHEET-1

- Unscramble the letters to find the name of different plants.
(a) A small plant with green and soft stem. (RINOCRAD)
(b) A plant having thin but strong and woody stem. (HICIBSSU)
(c) A plant that creeps. (LIMP)
(d) A plant having thick and fleshy leaves. (SUCUL)
- Which of the following is a safe practice?
(a) Playing with fire (b) Running in the hallway (c) Pushing and shoving (d) All of these
- Which of the following is a safe practice?
(a) Playing with fire (b) Running in the hallway (c) Pushing and shoving (d) All of these
- Which of the following is a safe practice?
(a) Playing with fire (b) Running in the hallway (c) Pushing and shoving (d) All of these

Proteins

Proteins are nutrients that help us to build muscles, to grow and repair the worn-out tissues. The foods rich in proteins are called **body-building foods**.
Growing children need more protein-rich foods than adults because their body parts need to grow. Therefore, children should eat more protein-rich food like eggs, meat, cheese, etc.

BRAIN GYM

Brain Gym
Enhances critical thinking among students.

Visual Zone

Visual Zone
Consists of picture based questions that improve comprehension and enhance understanding and retention capacity of the concept learnt.

Skill Enrichment Corner

Skill Enrichment Corner
Assess students' ability to apply knowledge and skills in real-world scenarios.

Lets Explore / Lets Do it

Lets Explore / Lets Do it
Hands-on project ideas to enhance learning beyond the classroom.

SCIENCE

Practice-cum-Workbook

MTG Science Practice-cum-Workbook series for **classes 1 to 8** is designed to help learners in classwork as well as homework. These workbooks help learners to explore with scientific outlook and acquire a better understanding of Science within classroom and at home.

This series conforms to the recent guidelines of National Education Policy (NEP), 2020 and National Curriculum Framework (NCF), 2023 which emphasise that learning should be activity-based and comprehension driven. It includes a comprehensive set of questions structured with progressive level of difficulty which provide learners ample opportunity to apply combination of concepts and skills.

Smart Features

Recap: A short gist of key concepts of the chapter.

Five sections: Each chapter has five core sections:

- **Knowledge Based Questions** comprising MCQs, fill in the blanks, match the columns, scrambled words, etc.
- **Understanding Based Questions** comprising circle the odd one, true or false, questions & answers, etc.
- **Application Based Questions** comprising crossword, give reason and application-driven questions.
- **HOTS Questions** comprising higher-order-thinking skills based questions.
- **Skill Based Questions** comprising activity-oriented, data-based and analytical questions.
- All the sections are designed according to the **Bloom's Taxonomy**.

Symbols Used: Finger and sheet symbols are used in the series. Each question is indicated with finger (👉, 👈, 👉👈) or thumb (👊) symbol, which serves two purposes:

1. indicates difficulty level and, 2. indicates marks. Sheet symbol  - indicates that the learner can use an extra sheet to write her/his answers.

Why this series is SMARTER than the best?

The only workbook series in the market for classes 1 to 8

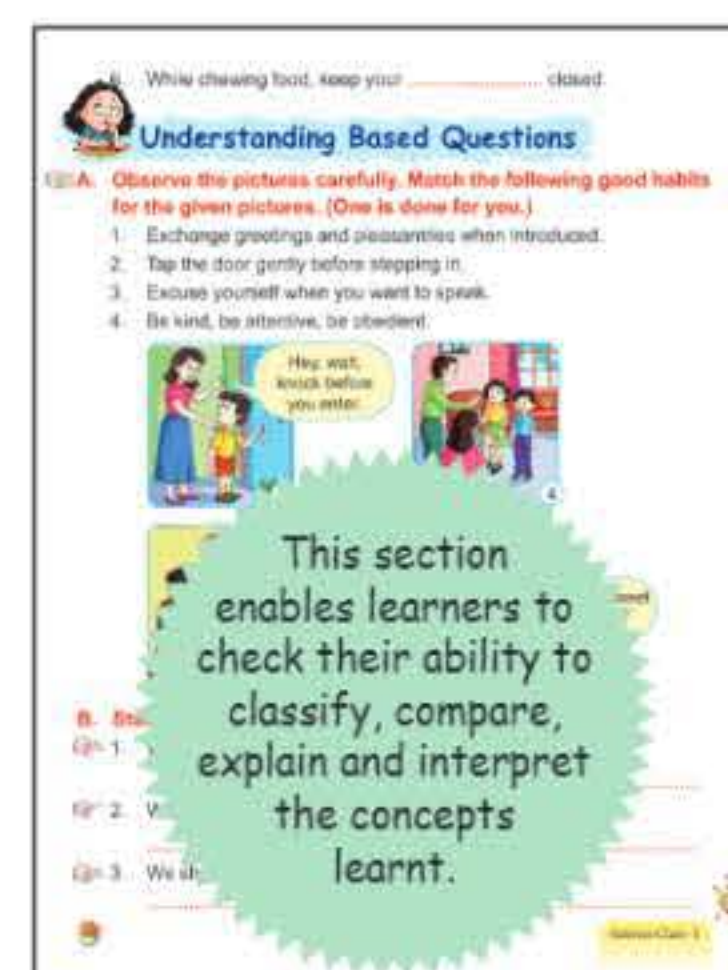

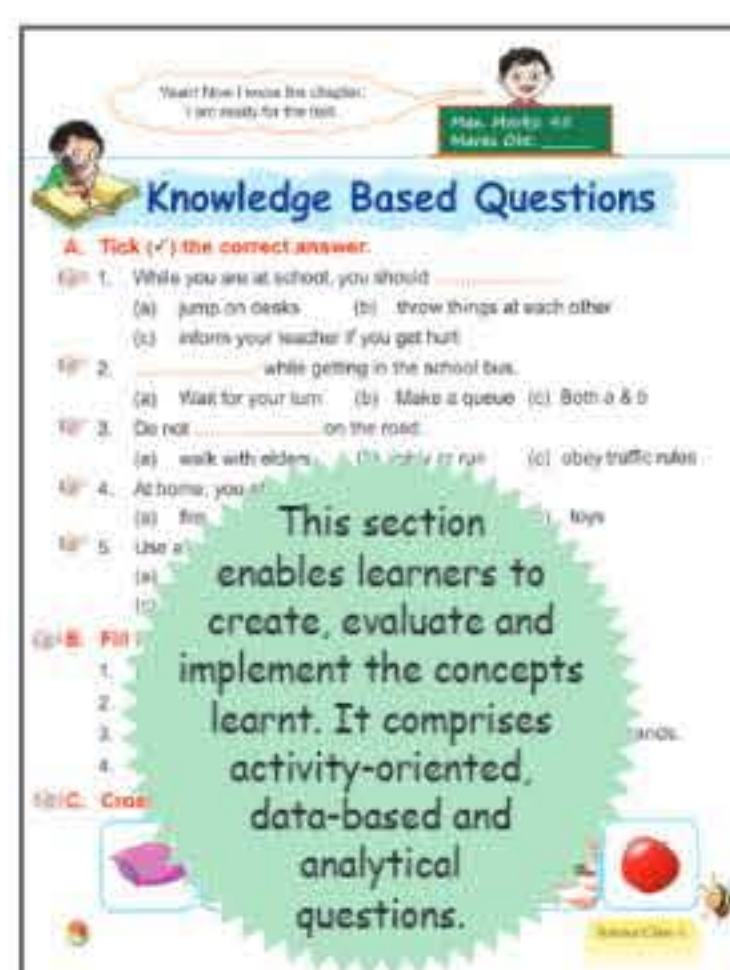

Wide variety of questions comprising objective questions, subjective questions, crosswords, puzzles, etc

Well-framed, easy-to-understand instructions

Puts process skills like observing, classifying, analysing, etc. into practice

Vast number of questions for practicing and assessment

An ideal workbook series for any book by any board

Workbook
Solutions
Are Available
For All
Classes

51 SCIENCE WORKSHEETS

MTG 51 Science Worksheets series for classes 1 to 5 is designed to increase the scientific aptitude in learners in an interactive and understanding manner. These worksheets cover all the important science topics in a variety of presentations. This series is based on Bloom's Taxonomy, helping the intellectual growth of the learner by focusing both on the lower order thinking skills (knowledge, understanding and application) and higher order thinking skills (analysing, evaluating and creating). These easy-to-do worksheets help the learners to build their knowledge and develop their overall skills.

Smart Features

- ✓ Strengthen Cognitive Ability
- ✓ Explore Variety of Science Topics
- ✓ Help in Conceptual Clarity
- ✓ Develop Curiosity

Why this series is SMARTER than the best?

This workbook series available in the market for class 1 to 5 have wide variety of questions comprising objective questions, subjective questions, crosswords, puzzles, etc

Well framed, easy-to-do questions

Variety of questions for practicing and assessment

An ideal worksheet series for any book by any board

Integrated **Bright** Semester Series

Bright is an integrated semester series for classes 1 to 5. It comprises of 10 books (two semester books in each class). The Series is based on the guidelines of NEP, 2020 and NCF, 2023. It is designed to connect knowledge across disciplinary boundaries to provide a broader framework for better construction of knowledge. Holistic learning approach is followed throughout the series to make learning a joyful experience without burden.

The core subjects included in the series are:

Class 1 & 2: English, Mathematics, Environmental Studies and General Knowledge.

Class 3 to 5: English, Mathematics, Science, Social Studies and General Knowledge.

Smart Features

- Series, well equipped with NEP-icons tagging to develop different 21st century skills in learners.
- Concepts are well explained through age-appropriate text, attractive illustrations, hands-on activities, flow charts and tables.
- Varied and detailed exercises help to evaluate the learners' understanding of concepts and assess their learning.
- HOTS questions are included to enhance learning and reasoning capability.
- VBQs and life skills questions are provided to inculcate values and life related skills for holistic development of learners.
- The **English** section will help learners to master LSRW skills. It is a mixture of prose and poetry.
- With ample number and variety of questions, the **Mathematics** section helps the learners to develop logical thinking and reasoning.
- The **EVS** section aims to construct and shape the knowledge of environment and create awareness towards it.
- The **Science** section emphasises that learners learn by asking, observing, exploring and doing. This section focuses on nurturing the inquisitive minds of learners.
- The section of **Social Studies** has been designed to ensure the development of a broad knowledge base among the learners. Topics of Geography, Civics and History have been covered in an interesting manner.
- The **General Knowledge** section enhances the general awareness of the learners. It is carefully graded and supported with up-to-date information.

Why this series is SMARTER than the best ?

CHILD-CENTRIC, simplistic text to understand concepts **SMARTLY**

WIDE VARIETY of questions to practise the exercises **SMARTLY**

VALUE BASED QUESTIONS to develop life skills **SMARTLY**

FUN-FILLED projects and assignments to hone observing and analytical skills **SMARTLY**

HOTS to develop problem solving skills **SMARTLY**

AUTHORS

Vani Khanna

Debjani Chatterjee

Indu Jain

Surachita Roychowdhury

&

MTG Editorial Board

SMART FEATURES OF THE SERIES

Age-appropriate content supported with visually appealing illustrations.

Well-graded assessment exercises for thorough revision and evaluation.

Green plants make their own food

Plant makes leaves with the help of chlorophyll. This process is called **photosynthesis**.
Carbon dioxide + Water + Sunlight → Food + Oxygen
Carbon dioxide + Sunlight → Food + Oxygen
Animals cannot make their own food.

Photosynthesis is the most important process on Earth. More than half of the world's oxygen is produced by photosynthesis.

Wonders of the World

Plants give out oxygen, a life supporting gas, by the process of photosynthesis. Inhaling oxygen-rich air keeps our lungs, as well as our body healthy. Do at least one yoga/pranayam to remain fit and healthy.

Animals breathe through different organs

Land animals like lion, zebra and water animals like whale, dolphin breathe through their lungs.

Fishes and tadpoles breathe air in water through gills.

Earthworms breathe through their moist skin.

Insects like flies, cockroaches, butterflies, have air holes on their bodies through which they breathe in air. These holes are known as **spiracles**.

(Fig. 2.00) Breathing organ in animals

Write down the number of legs these animals have.

Wonders of the World

Identify these famous places with the help of the 'Hint Box'.

Hint Box

Pyramid at Giza (Great Pyramids) - Egypt
Colosseum - Rome, Italy
Taj Mahal - Agra, India
Great Wall of China - China
Machu Picchu - Peru

Diversity of India

India is a country of diverse cultures and beliefs. This makes it one of the best democracies in the world. And with that diversity, there are also numerous festivals celebrated by each culture and religion. And the most amazing fact about this diversity is that all people celebrate the festivals together, even if it is not their cultural or religious festival. Describe one festival of another religion which you enjoy celebrating.

Festival of Harvest in India

Like the festival of Onam celebrated in Kerala, the festival of harvest also comes under different names, depending on the region. It is known by various names. Write down the name of Harvest festival of the given states.

Assam - _____ Punjab - _____
Tamil Nadu - _____ Andhra Pradesh - _____

Activity 1

Given are four major festivals celebrated by different religions of our country. Mention the religion to which the festival belongs to.

Vaisakhi _____
Easter _____
Muharram _____
Makar Sankranti _____

Activity 2

The story focuses on one particular festival celebrated in Kerala. As a class exercise about festivals of India, have a healthy debate on the topic 'Holi-the best festival'.

C. Identify the person at work and write his name in the blanks.

1. _____ 2. _____ 3. _____ 4. _____

D. Answer the following questions.

1. How does a farmer help us?
2. Name three instruments used by a tailor to stitch our clothes.

Think Tank

Which equipments and tools are required by a firefighter to put out the fire?

Life Skills

A sweeper working in your area goes on a long leave. How will this affect your surroundings? What will you do to tackle this situation?

Thank You

Teachers play a foundational role in shaping the lives of children. In Indian culture, the role of a teacher is of utmost respect. Since ancient time, a guru is considered as next to God in Indian heritage. Appreciate your teachers with a 'Thank You' collage and make them smile!

Worksheet

Patterns and Symmetry

I. Find the missing number.

1. 20, 36, 68, 12, 8, 9, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

II. Draw line of symmetry, if possible for the following figures.

HOTS

Gandhi came to India in 1915 during the active phase of freedom movement. Why is he regarded as the most important leader of the freedom movement?

BRAINCHARGERS

Match the leaders with the slogans they pioneered.

1. Bal Gangadhar Tilak 2. 'Do or Die' 3. Subhas Chandra Bose 4. 'Jai Hind' 5. 'Inquilab Zindabad' 6. Arun Asom Hoi 7. 'Jai Jawan, Jai Kisan' 8. 'Swachh is my birth right' 9. Mahatma Gandhi 10. 'Satyameva Jayate' 11. Lala Lajpat Rai 12. 'Jai Bhawan' 13. 'Jai Hind' 14. 'Jai Hind' 15. 'Jai Hind' 16. 'Jai Hind' 17. 'Jai Hind' 18. 'Jai Hind' 19. 'Jai Hind' 20. 'Jai Hind' 21. 'Jai Hind' 22. 'Jai Hind' 23. 'Jai Hind' 24. 'Jai Hind' 25. 'Jai Hind' 26. 'Jai Hind' 27. 'Jai Hind' 28. 'Jai Hind' 29. 'Jai Hind' 30. 'Jai Hind' 31. 'Jai Hind' 32. 'Jai Hind' 33. 'Jai Hind' 34. 'Jai Hind' 35. DEWDROPS

An Integrated Trimester Series

Dewdrops is an Integrated Trimester Series for classes 1 to 5. It comprises 15 books (three semester books in each class). It is designed to connect knowledge across disciplinary boundaries, providing a broader framework for the better construction of knowledge. It also aims to reduce the bulk of school bags, hence allowing learning without burden.

The core subjects included in the series are:

Class 1 and 2 : English, Mathematics, Environmental Studies and General Knowledge.

Class 3 to 5 : English, Mathematics, Science, Social Studies and General Knowledge.

Smart Features

- Content is based on the guidelines laid down by NEP, 2020 and NCF, 2023.
- Concepts are well explained through age-appropriate text, attractive illustrations, hands-on activities, flowcharts and tables.
- Varied and detailed exercises help to evaluate the learners' understanding of concepts and assess their learning.
- HOTS questions are included to enhance critical thinking and reasoning capability.
- VBQs and life skills questions are provided to inculcate values and life related skills for holistic development of learners.
- The English section will help learners to master LSRW skills. It is a mixture of prose and poetry.
- With ample number and variety of questions, the Mathematics section helps the learners to develop logical thinking and reasoning.
- The EVS Section aims to construct and shape the knowledge of environment and create awareness towards it.
- The Science section emphasises that learners learn by asking, observing, exploring and doing. This section focuses on nurturing the inquisitive minds of learners.
- The section of Social Studies has been designed to ensure the development of a broad knowledge base in the children. Topics of Geography, Civics and History have been covered in an interesting manner.
- The General Knowledge section enhances the general awareness of the learners. It is carefully graded and supported with up-to-date information.

Why this series is SMARTER than the best ?

CHILD-CENTRIC, simplistic text to understand concepts **SMARTLY**

WIDE VARIETY of questions to practise the exercises **SMARTLY**

VALUE BASED QUESTIONS to develop life skills **SMARTLY**

FUN-FILLED projects and assignments to hone observing and analytical skills **SMARTLY**

HOTS to develop problem-solving skills **SMARTLY**

ICSE ENGLISH GRAMMAR AND COMPOSITION

ABOUT THE AUTHOR

ANJU CHOUDHARY, is a competent and successful professional with 25+ years of qualitative and dedicated service in teaching English. She is an effective communicator with excellent management skills and has an extensive knowledge of the subject.

The series aims to make the young minds benefit the most with the following special features:

- As per Latest ICSE Syllabus
- Well-explained grammar concepts
- Age-appropriate exercises
- Everyday examples
- Interesting applications
- Attractive illustrations
- Learner-friendly
- Vocabulary enrichment
- Expressive comprehensions

ICSE नव्या हिंदी व्याकरण

लेखिका परिचय

नव्या हिंदी व्याकरणमाला की रचनाकार श्रीमती कल्पना शर्मा, हिंदी एवं राजनीति विज्ञान में स्नातकोत्तर हैं। इनकी उपलब्धियों में हिंदी अकादमी पुरस्कार भी सम्मिलित है। लेखन के क्षेत्र में 10 वर्षों का अनुभव सराहनीय है। इनकी भाषा शैली सरल एवं मार्मिक है, जिसमें शुद्ध हिंदी, खड़ी बोली, संस्कृत, उर्दू एवं अंग्रेजी शब्दों का समावेश है।

मुख्य विशेषताएँ

- ❖ इंडियन सर्टिफिकेट ऑफ़ सेकेंडरी एजुकेशन (ICSE) के हिंदी व्याकरण पाठ्यक्रम के प्रारूप पर आधारित
- ❖ रोचक विषय वस्तु तथा उसका आकर्षक प्रस्तुतीकरण
- ❖ शुद्ध उच्चारण तथा मानक वर्तनी सिखाने पर बल
- ❖ व्याकरण के जटिल नियमों का सरलतम स्पष्टीकरण
- ❖ अभ्यास-सामग्री में विविधता
- ❖ रचनात्मक कौशल को बढ़ाने हेतु निबंध-लेखन, विज्ञापन-लेखन, पत्र-लेखन आदि का समावेश

OLYMPIAD PREPARATORY MATERIAL

OLYMPIAD WORKBOOKS

Olympiad workbooks are designed to familiarise students with the type of questions that appear in Olympiad exams. The workbook contains chapterwise multiple choice questions followed by Achievers Section (HOTS) with Hints and Explanations at the end of the book. The Olympiad workbooks also contain latest SOF Olympiad exam paper with detailed solutions to give recent Olympiad exam understanding. It gives complete question practice with self-analysis for great performance in the Olympiads.

Salient Features

- Chapterwise MCQs with Hints and Explanations
- Various types of MCQs
- MCQs of Logical Reasoning
- Achievers Section (HOTS Questions)
- Previous Year's actual SOF Olympiad Question Paper
- OMR Sheet

NCERT TEXTBOOK+EXEMPLAR PROBLEMS-SOLUTIONS

These series are a set of two books (Science and Mathematics). These series contain explicit explanations to all the questions given in NCERT Textbooks and NCERT Exemplar Problems. Through these error-free, precise and easily understandable explanations, students can practice more.

Available
for **Classes**
9 to 12

NCERT EXEMPLAR PROBLEMS-SOLUTIONS

Salient Features

- Complete solutions to all objective and subjective questions
- An extremely useful resource for Boards, Olympiads, NEET, JEE & PETs
- Enhances thinking and learning abilities
- Develops analytical approach to solve problems
- By practising the problems of different difficulty levels of NCERT and Exemplar book, student will be able to crack the future Entrance Exams
- Detailed and error-free solutions of all the questions of NCERT Textbooks and Exemplar Problems

BETTER than the best

Covers entire solutions of Latest
NCERT Textbook questions and
NCERT Exemplar Problems

Expert answers by experienced
teachers who participate in CBSE
Paper checking

Error-free, Authentic solutions with
the most accurate information

Complete solution for all the
questions

NCERT at your FINGERTIPS

NCERT at your fingertips series (Classes 6 to 10) is designed strictly on NCERT Textbooks. This series helps learners in developing better comprehension of their NCERT course books with wide variety of questions and testing tools. It provides challenging questions, objective questions, case based questions, application-based questions, subjective problems which will help learners in preparing for both school exams as well as competitive exams. This way, MTG NCERT at your fingertips is a ONE-STOP RESOURCE book for School exams, Boards, Olympiads and Competitive exams.

Salient Features

Classes 6 to 8 (Science)

- NCERT Notes give student-friendly synopses for quick-and-easy revision.
- Practice Corner includes topicwise variety of questions extracted from each and every line of NCERT textbook.
- NCERT Exemplar Problems MCQs
- Assertion & Reason Corner includes statement-based (assertion and reason) tricky questions to give an edge in your preparations.
- Exam Corner includes Objective questions, Subjective problems like VSA, SA (I & II), LA and Case Based Type questions for in-depth learning.
- Interesting conversations are given to make learning enjoyable and explorative.
- Hints & Explanations for each exercise of all chapters are provided.

Classes 9 & 10 (Science) and Classes 6 to 10 (Mathematics)

- NCERT Notes give student-friendly synopses for quick- and-easy revision.
- MCQs Corner includes topicwise variety of MCQs framed from each and every line of NCERT textbook.
- NCERT Exemplar Problems MCQs
- Assertion & Reason Corner includes statement-based (assertion and reason) tricky questions to give an edge in your preparations.
- Exam Corner includes subjective problems like VSA, SA (I & II), LA, PBQs, HOTS and Case Based Type questions for in-depth learning.
- Hints & Explanations for each exercise of all chapters are provided.

FOUNDATION COURSE

Extremely useful for NVS, KVPY, Boards, CUET, JEE / PETs, NEET and Olympiads

For
Classes
6 to 10

The Foundation Course is a set of four books
(Physics, Chemistry, Biology and Mathematics)
each for classes 6 to 10

Salient Features

- Designed on the basis of latest NCERT content.
- Complete syllabus is covered with additional information, followed by illustrations and activities of NCERT for better grades. Concepts are explained in a well structured and lucid manner, using simple language and concept maps.
- Solved examples have been included to clear the concepts involved.
- All the questions of latest NCERT textbooks are given.
- Practice exercise consists of a number of sections like:
 - Multiple Choice Questions (Levelwise segregated)
 - Level 1 MCQs are arranged topicwise along with NCERT connector for your reference
 - Match the following
 - Assertion & Reason Type
 - Comprehension Type
 - Subjective Problems including very short answer type, short answer type and long answer type
 - Integer / Numerical Value Type.
 - Case/Passage Based Questions.
- Questions from SOF-National Science olympiad (NSO), International Mathematics Olympiad (IMO) and NTSE are also included in exercise under the heading Level-3 (HOTS).
- Essential Foundation Course to develop application and problem solving skills necessary for future entrance exams.
- Practice papers are given on the pattern of CBSE Board, NEET and JEE Main exams.
- Letest NSO / IMO Question Paper with detailed solutions is given.

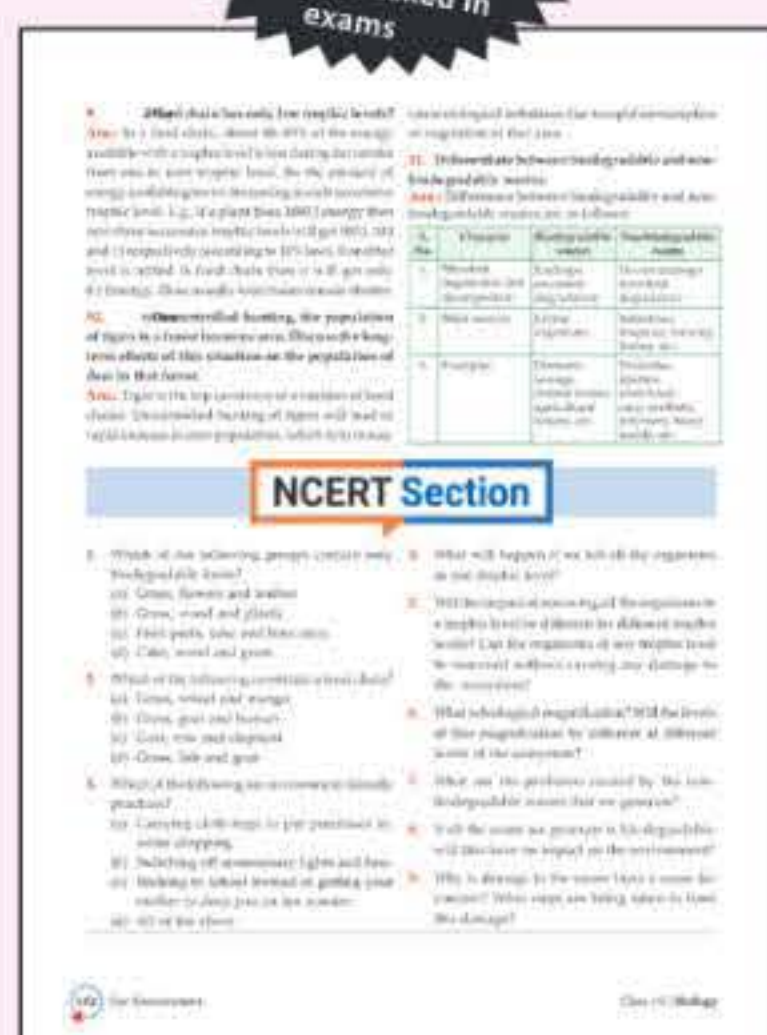

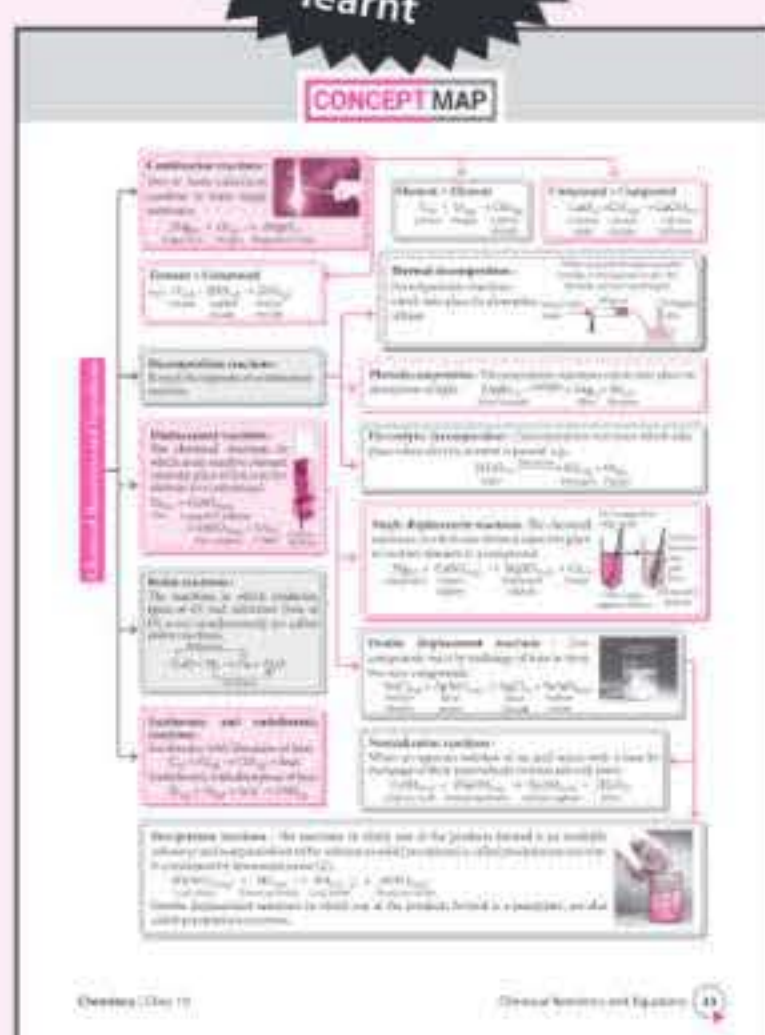

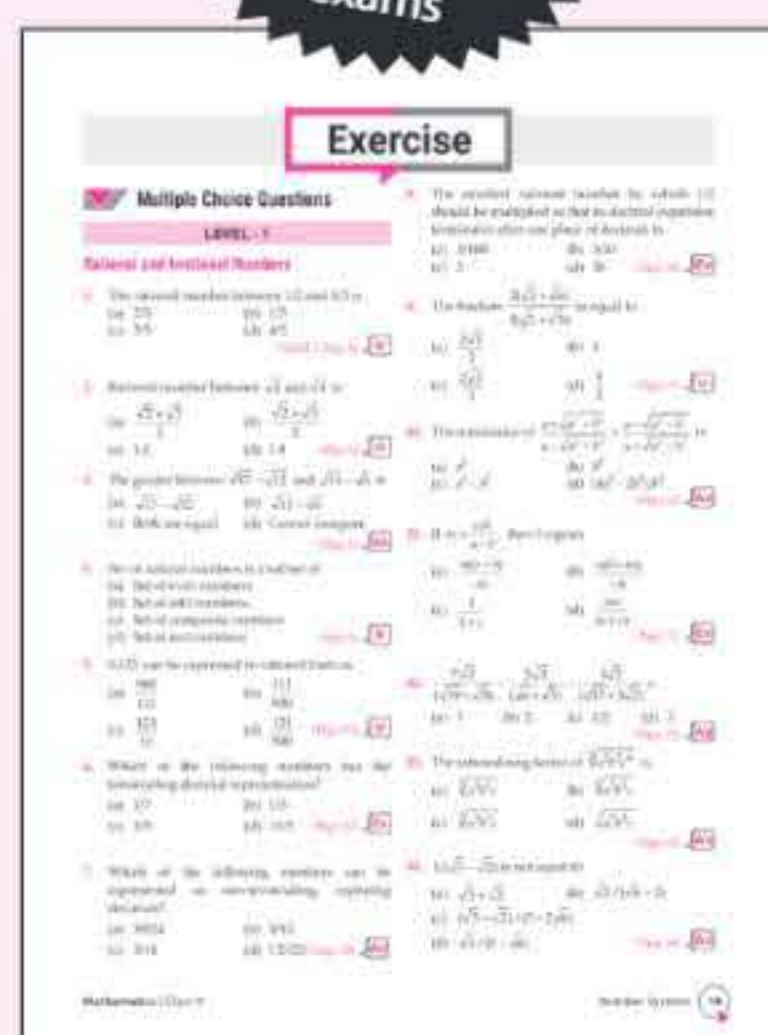

Helps to understand the topics of the chapters in depth and build a strong foundation

Helps to give an extra edge for competitive exams

For effective recapitulation of the concepts learnt

Helps to improve scores as NCERT question bank is the main source of questions asked in exams

Helps to enhance higher order thinking skills and enables you to crack Olympiad/NTSE

Ancient Indian System of Computation

Vedic MATHEMATICS

Building Mathematical Personality

Vedic Maths Course is for students, teachers, mentors, homemakers and even businessmen for doing calculations more efficiently. With the help of Vedic Maths, one can perform the calculations 10-15 times faster than the conventional maths methods.

The current series is based on natural way of learning which helps to learn and perform calculations at a much faster rate with efficiency that can save time in solving mathematical problems. It creates interest in evolution of mathematical computation in more integrated and efficient manner. Calculations are carried out mentally which means students can invent their own methods through Vedic Sutras. In competitive exams like JEE, SAT, CAT, MAT, GRE, etc. where speed and accuracy play a vital role, learning of Vedic Maths can prove to be very beneficial.

CLASS 12

CLASS 11

CLASS 10 & 9

Salient Features

- Lab Experiments & Activities :**
 All experiments & activities are illustrated in a systematic manner. The text is presented in a manner that is easily and quickly understood by the students.
- Investigatory Projects :**
 Some investigatory projects are also discussed in detail to enhance the scientific approach in students that helps in developing their intellectual skills.
- Viva-Voce Questions :**
 At the end of each experiment, viva-voce questions along with their explanations are given under the heading 'Interaction Time'. This improves the conceptual knowledge based on the practicals performed by the students.
- NCERT Lab Manual Questions :**
 Most of the NCERT Lab Manual Questions are covered with their detailed solutions within the experiments.
